Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 27, 1908.

SIR,—I have received your letter of the 24th instant, inclosing statement of arrears due on March 31 last, and yet unpaid.

On November 12, 1907, you wrote giving a list of five items amounting to $1,773.65, which you considered uncollectable. You have omitted these from the statement now rendered. This, of course, you should not have done. No arrears can be written off without the authority of parliament. I am returning the statement to have these amounts added.

Presumably you considered the other arrears due as collectable. The amount was due by 33 different parties and firms and amounted to $3,134.37, and but one item of $30.70 has been collected. Two new names have been added with an indebtedness of $663.33.

Five individuals in arrears for advances last year are still in arrears.

It is desirable that every care should be taken to prevent arrearages accumulating, and to collect those now existing.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture. J. FRASER, *A.G.*

DEPT. OF AGRICULTURE, OTTAWA, November 11, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 27th ultimo, returning the statement of arrears due this department on March 31 last, and yet unpaid, which accompanied my letter of the 24th ultimo.

I have had the five items which were considered uncollectable added thereto in accordance with your request.

Further efforts will be made to collect those that are still considered collectable.

I am, sir, your obedient servant,

The Auditor General. GEO. F. O'HALLORAN, *D.M.*

DEPT. OF CUSTOMS, OTTAWA, July 7, 1908.

SIR,—Referring to your letter of November 7 last, in the above matter, I have the honour to forward herewith statements of the debit and credit balances appearing on the revenue books of this department on March 31, 1908, with explanatory references.

The assistant commissioner, who was recently accountant of the department, reports on this matter as follows:—

'I may state that a number of the small balances—under the sum of $10—are due, in my opinion, to faulty bookkeeping of years ago, as you will notice that there are practically no balances of this kind since the year 1884.

'With our present system of checking the cash as shown by the bank deposit receipts with F—1 statements prepared from the entries, there is no possibility of balances of this kind occurring.

'As a matter of fact, the credit balances amount to $176.21, while the debit balances—leaving out those occurring on account of defalcations and by burglaries, &c.,—amount to only $80.96; so that there is no reason why these small debit and credit balances should not be wiped out, as the latter exceed the former by $95.25.

'With regard to the debit balances accruing through defalcations, burglaries and failure of banks, I can only say that there is no possibility of these amounts being recovered, and authority should be obtained to have them written off as uncollectable.'

I am, sir, your obedient servant,

The Auditor General. JOHN McDOUGALD, *Comr. of Customs.*

AUDIT OFFICE, OTTAWA, November 24, 1908.

SIR,—I have to call your attention to the large increase in the arrears due to your department on March 31 last, as compared with previous year, shown as follows:—

	1907.	1908.
Timber dues—		
Manitoba, Saskatchewan and Alberta	$ 6,257 88	$ 8,077 47
British Columbia	8,696 76	19,246 70
Grazing lands	1,761 94	12,001 69
Coal lands royalty	16,669 40	164,087 29
Coal lands, sales	6,596 05	56,158 34
Mineral lands, sales	54,184 42	155,205 84
Mining lands, sales	1,110 83	4,352 30

In addition to the large increase in the amount due for coal lands royalty, I understand some companies are not making returns.

Please let me know what action you are taking in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

DEPT. OF THE INTERIOR, OTTAWA, December 3, 1908.

SIR,—I am directed to acknowledge the receipt of your letter of the 24th ultimo, in which you call attention to the increase in the arrears due this department on March 31 last, as compared with the previous year, in connection with timber, grazing and mineral lands. The department is in communication with all those in arrears in connection with timber and grazing lands with a view to having the amount outstanding paid at an early date. As the quantity of lumber manufactured during the year ending March 31 last, exceeded to a considerable extent the quantity manufactured during any previous year, and as a large number of new grazing leases were issued during the year, it might be expected that the arrears on March 31 last would be greater than on the 31st of March previous.

You will be advised under separate cover regarding mineral lands.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

DEPT. OF THE INTERIOR, OTTAWA, December 8, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 24th ultimo, calling attention to the large increase in the arrears due this department on March 31 last as compared with the previous year, in connection with coal lands royalty, coal land sales, mineral sales and mining lands sales, and stating that you understand some of the companies are not making returns. You asked to be advised what action is being taken in reference to this matter.

In reply I am to inform you that the amount due on account of coal lands sales and mineral sales, both of which have reference to the sale of coal mining lands, on March 31 last, was $211,364.18, and since that date payment has been made to the department of $91,687.30 on account of such arrears. Additional payments it would appear will be made in the very near future, which will materially reduce the arrears on account of such sales.

The amount due on March 31 last on account of royalty on coal was $164,087.29, and this amount has not been materially reduced on account of payments since made, although bonds for the payment of the amount due for royalty have, in some cases, been given. The companies indebted to the Crown for this royalty are incurring at the present time a very large initial expenditure in the payment of the purchase price of their lands, the installation of a plant for the efficient operation of the property, and the opening up of a mine, and they find it very difficult to make prompt payment of the royalty on the coal mined.

The several purchasers of coal mining lands sold subject to royalty are required to make periodical returns showing the quantities of coal mined, but it has been found very difficult to obtain prompt returns from these operators, and the whole matter, looking to the collection of the royalty and the prompt filing of returns showing the quantities of coal mined, is now being dealt with.

Interest at the rate of 5 per cent per annum is paid on account of all arrears on account of royalty and on account of the purchase of coal lands, and all persons in arrears have already made a sufficiently substantial payment on account, and in the majority of cases incurred a sufficiently large expenditure in opening up and equipping a mine, to absolutely insure the payment of the balance due either on account of royalty or purchase price. It is thought that as soon as the past harvest has been realized upon, large payments on account will be made.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, October 24, 1908.

SIR,—On November 11, 1907, you forwarded a statement of unsettled advances, amounting to $6,114.52.

In your letter of the 22nd inst., you give a list of unsettled advances now due. This list does not contain any of the items in your statement of November, 1907. I have to inquire if these have all been settled.

I am, sir, your obedient servant,

The Actg. Dep. Min. of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, October 16, 1908.

SIR,—In the statement of arrears due for fishery licenses, received yesterday, it is stated that Inspector A. C. Robertson, Barrington Passage, N.S., is in arrears for all licenses issued for the season of 1908, amounting to $408.

No explanation is furnished. I have to ask what action has been taken in reference thereto. Is this officer under bond of a guarantee company?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 19, 1908.

SIR,—Adverting to your letter of the 16th instant, in regard to the arrears on license fees by Inspector of Fisheries A. C. Robertson, of Barrington Passage, I may say that the department has been endeavouring to, all summer, have this officer forward returns, together with the bank deposit receipts on account of such fees; but up to the moment they have not been received.

The great amount of this money is deposited by the fishery overseers in the district of Inspector Robertson, and the deposit receipts in triplicate forwarded to him, to enable him to make a complete return on account of all licenses received.

It is hoped that complete returns will be received from this officer shortly. Otherwise it will be necessary for the department to take effective means to have a full accounting of the licenses made.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, October 31, 1908.

SIR,—In the statement of arrears due to your department on March 31 last, and yet unpaid, you enter the following municipalities for pay of troops in 'aid of civil power':—

Low Township, P.Q., 1895-6	$1,683 32
Richmond, B.C., 1900-1	2,021 32
Sault Ste. Marie, Ont., 1903-4	7,377 39
Sydney Mines, N.S., 1904-5	5,309 09
Buckingham, P.Q., 1906-7	2,350 47
Hamilton, Ont., 1906-7	61 04

I have to inquire what action has been taken looking towards the collection of these amounts.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 3, 1908.

SIR,—With reference to your letter of the 31st ultimo, inquiring with respect to arrears due by certain municipalities for aid rendered by the troops, I have the honour to inform you that, as regards the amounts due by the municipalities of Sault Ste. Marie, Sydney Mines and Buckingham, the Department of Justice has taken legal proceedings for the recovery of the amounts.

With reference to the amounts due by Low Township, P.Q., and Richmond, B.C., no steps have been taken, as the municipalities are poor ones, and it has been considered that it would be a hardship on them to insist upon a refund of the amounts.

As regards the small amount due by the city of Hamilton, an adjustment of the expenditure incurred by the troops being called out in aid of the civil power of that city was reached after much consideration and correspondence. This amount of $61.04 was paid by the department after the adjustment had been reached, and it has not been thought to be worth while to re-open the question to obtain a refund of that amount.

I am, sir, your obedient servant,

The Auditor General. AUG. FISET, Colonel, *D.M.*

AUDIT OFFICE, OTTAWA, October 5, 1908.

SIR,—In reply to my letter of August 28, I have received a statement of arrears due on account of slides and booms and rents.

I have to request you to forward, as soon as possible, statements of arrears due on account of telegraph revenue, and of the unaccounted advances to your own officials.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, October 27, 1908.

SIR,—According to the statement of arrears due received from your department, the amount due March 31, 1908, was $165,605.33, an increase of $11,430.93 over the amount due the year previous.

I inclose statement showing the increases on arrears due by the old tenants, the amount due by new tenants, the amount paid, the amount dropped, and the net increase and decrease.

I inclose a statement of the amounts dropped, for which please give explanation.

A proportion of the amounts due at each canal remain the same, but a large number are increased. The amount paid, though amounting to $6,489.25, was made by a comparatively small number of tenants.

The result is that a large number of tenants at the several canals are increasing their arrears.

You will, no doubt, give the matter your early attention.

I am, sir, your obedient servant,

The Deputy Minister of Railways and Canals. J. FRASER, *A.G.*

Re Intercolonial Railway—Arrears.

AUDIT OFFICE, OTTAWA, January 25, 1908.

SIR,—On October 11, 1907, you forwarded a list of the arrears due on Mrach 31, 1907, and still unpaid.

A statement has recently been received of the balances in the several ledgers on November 30, 1907.

The following items appear in the former statement and not in the latter. How have they been disposed of?

S. S. Admiral	$2,347 33
F. W. Cunningham	997 56
Chapman property	1,179 00
Flood & Co.	25 50
Micmac Mining Co.	317 84
W. J. Hughes	31 50
J. W. C. McConnell	50 00
Geo. Skeffington	25 55

The amount of arrears due on March 31, 1907, and unpaid on October 11, was $273,013.07.

I wrote you January 11, 1907, calling attention to the large increase during 1905-6, $80,422.64, inclosing a statement showing the details of the increases, some of which were new, and asking for explanation and what action was being taken in reference thereto. To this letter I have not received any reply.

It is desirable that the Public Accounts Committee should be asked during the present session to inquire into these arrears, and authorize that those that are uncollectable should be written off. With this view I have to ask you for a report, specifying those you consider uncollectable, with such explanations of each item as you may think desirable.

It would also seem proper that action should be taken to collect any that are collectable.

I am, sir, your obedient servant,

The General Manager, I.C.R. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, November 26, 1908.

SIR,—According to the statements furnished by you, the arrears due have increased from $273,013.07, in 1907, to $375,015.34, in 1908, a difference of $102,002.27.

These increases are principally placed under the heading of railways, though it includes amounts due by the Public Works Department and the Londonderry Iron and Mining Co.

The increases under the headings of steamboat companies and stations are trifling.

I inclose statements showing the increases and decrease under the headings of railways and individuals and firms.

The very few payments on account of the arrears due in 1907, and the large amount of the increases and new arrears, would seem to call for consideration.

Would it not be advisable to assign to some officer of your staff the duty of realizing such of these arrears as are not considered hopeless?

I am, sir, your obedient servant,

The General Manager of Government Railways. J. FRASER, *A.G.*

Re Supreme Court Reports.

AUDIT OFFICE, OTTAWA, November 3, 1908.

SIR,—I have received your statement of arrears due on March 31 last, and still unpaid.

All the items on the statement rendered a year ago are still due, and an additional $4 in the name of J. F. C. Haldane.

I have to inquire if any steps have been taken during the past year to collect these amounts?

I am, sir, your obedient servant,

The Registrar, Supreme Court. J. FRASER, *A.G.*

THE SUPREME COURT OF CANADA, November 20, 1908.

DEAR SIR,—In reply to your letter of the 3rd instant, these amounts became due when the Supreme Court reports were being printed by the King's Printer. I have frequently written the parties, but have been unable to make collections.

All the amounts are now outlawed, except the one of J. O. Filteau, and I have written to some solicitors in Quebec inquiring if the amount can be collected, and have received a reply this morning stating that they are dubious of success.

I am, sir, your obedient servant,

The Auditor General. E. R. CAMERON, *Registrar.*

Claims of North Atlantic Trading Company.

AUDIT OFFICE, OTTAWA, December 10, 1907.

SIR,—I am in receipt of your application of the 6th instant, for the issue of a payment in favour of the Bank of Montreal, for letter of credit cheques issued by your department during the month of November, 1907. On examination of the cheque lists I find that immigration cheque No. 1322 was issued on November 29 in favour of the North Atlantic Trading Company, for $36,901.50, in final settlement of their claim. Before passing your application I would be pleased to have the vouchers in support of this payment.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, December 14, 1907.

SIR,—With further reference to my letter of the 10th instant, I beg to say that I am now in receipt of the papers in connection with the payment by immigration cheque No. 1322, of $36,901.50 to the North Atlantic Trading Company. Upon examination I find that this amount was arrived at by a revision of the steamship manifests for the years 1901-2, 1902-3 and 1903-4, and of the balances for the period between July 1, 1905, and November 30, 1906. The revision shows that for the three years ending June 30, 1904, 7,518 names have been added to the original payment, while deductions are made for 824 names of emigrants coming into the United States and for 1,040 persons allowed under the original payment who are now found to have been improperly paid for. You will please inform me as to your reasons for re-opening these accounts and adding thereto a large number of names, and why so many names were allowed upon the original settlements and are now deducted.

When making a final payment upon such a large contract as this was, the vouchers covering the final settlements should have been forwarded to this office and an application made for the issue of a bill of exchange in favour of the company.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, December 21, 1907.

SIR,—Referring to your letter dated the 14th instant, respecting a revision of the steamship manifests for the years 1901-2, 1902-3, and 1903-4, as a result of which 5,654 persons were added to the list of names on whom bonus is paid to the North Atlantic Trading Company, I beg to say that the reasons for opening the account for past years and adding and deducting names were as follows:—

1. In the spring of 1905 the Canadian representative of the company requested permission to examine a number of the manifests which contained the names of continental immigrants. These manifests had just been brought from the ocean ports to head office. Prior to that date the custom was to leave the manifests at the ports where passengers had landed and have the Dominion immigration agents make up the reports and send them to Ottawa. The agent of the company, having a list of the names of persons on whom bonus had already been allowed, compared this with the information contained on the manifests, with the result that a good many discrepancies were found. He then asked for permission to go over the three preceding fiscal years and to give him an officer of the department to check the work done. Inasmuch as the company was not in a position to send in any claim on the basis of the arrivals, not having any copy of the names of all the immigrants, and the accounts having to be made up by the officers of the government, it was considered only fair to give the company every reasonable means of satisfying themselves that the government of Canada would allow them bonus on all immigrants on whom it was really due.

2. As noted in your letter of the above date, 1,040 persons, allowed under the original payment, were found to have been improperly paid for, and names to the number of 7,518 were found which should have been allowed according to the terms of the contract as interpreted. The errors necessitating this revision were not discovered until May or June, 1905, and it was some months later before the revision was completed and the statements compiled.

It was just about this time that the contract was cancelled, and as it was desired to close the matter out finally, payment of bonus on the additional names added to the accounts was made.

The company might have laid claim to bonus on all Russian Jews, described on the manifests as agriculturists, but it was decided that in the final settlement, all Jews whose names were added in the revision, and also Jews arriving after the fiscal year 1904-5, should be struck off the accounts.

3. The only explanation regarding so many discrepancies appearing in the original accounts for these years, is carelessness at some of the ocean ports by officers of this department.

I am, sir, your obedient servant,

The Auditor General. W. W. CORY, *D.M. I.*

Re Royalty on Coal Mined.

AUDIT OFFICE, OTTAWA, December 2, 1907.

SIR,—I wrote you February 11 last, in reference to arrears due on coal mined on June 30, 1905, and inquiring if no royalties accrued during 1905-6.

In your reply of April 11 last you gave the reason why these arrears had not been pressed, and stated that, as it had been decided to collect the royalty, the companies in arrears had been written to, and their accounts rendered; and that they had been asked for a return, covering the period between the date of their last return and the present time.

I have to inquire if the arrears due June 30, 1905, have been paid, the amount of royalty since accrued, and the payments made thereon.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, December 13, 1907.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant, asking whether the arrears of royalty on coal mined which were due on June 30, 1905, have been paid, the amount of royalty since accrued, and the payments made thereon. In reply I am to inform you that the position is the same as that outlined in the departmental letter to you of April 11 last, excepting that returns have been received from The Canada West Coal Company, showing that 80,000 tons of coal have been mined on their lands, the royalty on which amounts to $8,000. Payment of this amount has not yet been made. Returns are also being received from the West Canadian Collieries, Limited.

Payment has not yet been made of all of the arrears due on June 30, 1905, and until returns have been furnished showing the quantities of coal mined it is impossible to state definitely as to what amount of royalty has since accrued. The advisability of having an inspector visit the several mines and obtain the returns now in arrears is under consideration.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, August 10, 1908.

SIR,—On December 2 last, I wrote you on the subject of royalty on coal mined, and in your reply thereto dated December 13, you stated that 'the advisability of having an inspector visit the several mines and obtain the returns now in arrears, is under consideration.'

I should be glad to know what action was taken, if any, in the premises.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, August 19, 1908.

SIR,—In reply to your letter of the 10th instant, I beg to inform you that an inspector was sent out by this department in February last, and as a result of his inspection returns have been received, showing the quantities of coal mined on lands disposed of subject to the payment of royalty, up to about the close of last year.

Owing to the large initial expenditure incurred by the several companies in acquiring the land, opening up the mines, and installing the necessary equipment, some of them have been unable as yet to pay the arrears of royalty, but I am to point out that the regulations under which these lands were disposed of provide that default in payment of royalty may be followed by cancellation of the sale, and provision is also made in the patent issued for such lands that the minister may declare such patent to be null and void for default in the payment of royalty on the quantity of coal mined.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re Short Collection on Timber Permit at Yorkton.

AUDIT OFFICE, OTTAWA, November 29, 1907.

SIR,—The Crown timber agent at Yorkton issued timber permit No. 104063 to D. A. Larson, Norquay, on May 10 last, to cut 1,400 lineal feet building logs, at 1 cent per foot, extended to $1.40 plus fee 25 cents = $1.65, whereas it should have been 1,400 at 1 cent = $14 plus fee 25 cents = $14.25, short collected $12.60.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, December 11, 1907.

SIR,—Referring to your letter of the 29th ultimo, in regard to a shortage amounting to $12.60 in connection with timber permit No. 104063, issued to Mr. D. A. Larson on May 10 last, by the Crown timber agent at Yorkton, I am directed to say that the agent's attention has been called to the matter and he has been asked to explain how the shortage was accounted for. When the agent's report has been received you will be further advised.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, August 10, 1908.

SIR,—I wrote you on November 29 last, with reference to a short collection on timber permit No. 104063 at the Yorkton agency, and you replied on December 11, that the agent's attention had been called to it and that you would further advise this office.

Please let me know if the shortage has been collected, and if so, when it came to account.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, August 20, 1908.

SIR,—I am directed to acknowledge the receipt of your letter of the 10th instant with respect to a short collection on timber permit No. 104063, issued by the Crown timber agent at Yorkton to Mr. D. A. Larson. On January 25 last the Crown timber agent at Yorkton was instructed to have the homestead inspector call upon Mr. Larson to collect the shortage, and in the event of his refusing to make payment to place the timber cut under seizure. Up to the present time no communication in the matter has been received from our agent, but he is now being advised to give the matter his immediate attention.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

Re Canadian North West Irrigation Company.

AUDIT OFFICE, OTTAWA, April 30, 1908.

SIR,—On January 13 last the Alberta Railway and Irrigation Company made a payment to the Patent Branch, of $99,780.60 on account of certain lands as described in the order in council of December 12, 1902.

Upon reference to this O. C. it is found that these lands were to be sold on certain conditions to the Canadian Northwest Irrigation Company.

The first condition was that the company make a deposit of $25,000 forthwith as an evidence of good faith.

The second that the company begin the survey during the season of 1903, and expend not less than $150,000 within three years from this date, on the enlargement and extension of the company's system, including surveys.

I have to inquire first if the deposit of $25,000 was made by the company, and if so, when and to what account was it credited; second, has the company furnished a plan of the survey made, together with a statement of the expenditures in connection with the enlargement and extension of its system; third, did the Canadian Northwest Irrigation Company assign or transfer its rights and privileges to the Alberta Railway and Irrigation Company; if so, when and under what authority?

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, June 4, 1908.

SIR,—Referring to your letter of April 30 last, in which you inquire as to whether the conditions of the sale of lands to the Canadian Northwest Irrigation Company have been fulfilled, and by what authority this company assigned or transferred their rights to the Alberta Railway and Irrigation Company, I beg to state as follows:—

A deposit of $25,000 was, I understand, made by the Canadian Northwest Irrigation Company on January 30, 1903. This was in the form of a deposit receipt on the Bank of Montreal, endorsed by the company to the order of the Minister of the Interior. It is still held by the department and has not been credited to any account.

The company have furnished a plan of survey and statements of expenditure in connection with the enlargement and extension of their system, and such statements have been audited by the proper officers of this department.

The Alberta Railway and Irrigation Company was incorporated by authority of chapter 43, 4th Edward VII, (June 6, 1904), and the Act provided for the amalgamation therewith of the 'Alberta Railway and Coal Company,' 'The Canadian Northwest Irrigation Company,' and 'The St. Mary's River Railway Company.'

For convenience of reference I inclose herewith a copy of the order in council of December 12, 1902, authorizing the sale of these lands to the Canadian Northwest Irrigation Company, and also copy of chapter 43, 4th Edward VII, referred to.

I am, sir, your obedient servant,

The Auditor General. W. W. CORY, *D.M. I.*

AUDIT OFFICE, OTTAWA, November 26, 1908.

SIR,—In your letter of June 4 last, in reply to mine of April 30, you stated that the Canadian Northwest Irrigation Company, in accordance with the terms of sale, had forwarded a deposit receipt of the Bank of Montreal for $25,000, endorsed by the company to the order of the Minister of the Interior, and that the receipt was still held by the department.

You do not state why this amount was not deposited in the usual course to the credit of the Receiver General. If it still remains in the department I beg to submit that it should be deposited.

I shall be glad to hear from you in reference thereto.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Re **Edmonton Office.**

AUDIT OFFICE, OTTAWA, February 25, 1908.

SIR,—I have to call your attention to the reports of the inspection of the Dominion lands office at Edmonton, one inspection having been made by Mr. Leach, September 18, 1907, and the other by Mr. Stephenson, January 21, 1908.

Mr. Leach complains of duplicate deposit receipts missing and of cases where no receipts were issued to parties making payment.

Mr. Stephenson reports that he found a drawer filled with remittances, applications for homestead entry, and permits, which had not been entered up. He reports that two men called at the office while he was there, complaining that they had received no receipts for the fees on homestead entries made a month previous, of which no entry had been made. The excuse given was that the accountant had not the time to take care of the cash.

Mr. Stephenson reports that he arranged the work to be done by the accountant, and that he, the accountant, was satisfied that he would be able to cover the work outlined for him, the principal of which was taking care of the cash.

It is satisfactory to know that affairs at this office have been arranged. I assume that you have satisfied yourself that the work at the other offices, especially in reference to the cash, is not transacted so loosely.

This is the first report from Mr. Stephenson that has been furnished to this office for some time. It is desirable that reports of all inspections made by him should be furnished.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, May 19, 1908.

SIR,—I beg to call your attention to the fact that the return of the Crown timber agent at Edmonton for February, has not been received.

I wrote you on the 4th instant that while the bank accounts of all the other agencies had been received up to and including March, Edmonton was short February and March.

I should be glad to have an explanation of the delay.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, May 23, 1908.

SIR,—In reference to your letters of the 19th instant relating to the Edmonton agency returns, I beg to inform you that the Crown timber statement for February was received too late in the department to be included in the return for that month. The items will, therefore, appear in the statement for the month of March, which will go through in the course of a few days.

With regard to the bank accounts for February and March, I am to state that a few days prior to the receipt of your letter, a telegram was sent to the agent at Edmonton, requesting him to send these two statements without delay. The matter will receive prompt attention as soon as they are received in the department.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Act. D.M. I.*

AUDIT OFFICE, OTTAWA, July 30, 1908.

SIR,—The bank accounts and cheques of the Dominion lands agent at Edmonton for the months of February and March last, have not been received. They should have been here months ago. I may state that the bank accounts of many of your agents have been received up to and including June 30, 1908.

In view of the unsatisfactory report made by Inspector Stephenson, under date of February 22, 1908, with reference to the cash transactions of the Edmonton agency, I have to request that you will cause these accounts to be sent forward with all possible despatch, in order that an examination of them may be made.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, December 10, 1908.

SIR,—The bank accounts of the Edmonton agency for the seven months ended July 31 last, were recently received at this office. They are so complicated and unsatisfactory that it is difficult to come to any conclusion in respect thereto.

The returns for January, February and March cover the cheques issued and the deposits made. The manager of the bank certifies that the balance shown by each of these returns is on hand. This certificate is useless, because the bank balance should cover the balance shown on the return plus the outstanding cheques.

The returns for April, May and June are run together and cover only the cheques paid and the deposits made; in other words, this combined return is really a copy of the bank account. But this return is unreliable as it contains deposits amounting to $2,153.74 entered on the March return, and is not certified by the manager of the bank.

The return for June closes with a balance of $2,892.90, and the return for July commences with a balance of $430.43.

According to the returns, the actual deposits made during the seven months amounted to $50,007.24, but we have no means of verifying that.

The counterfoils of the cheques issued have been furnished to this office, and a statement made up from them amounts to $50,605.32. The cheques paid and furnished amount to $49,671.20, leaving $934.12 cheques outstanding. This agrees with the statement furnished from the Edmonton office and may be considered correct. You will observe that the cheques issued amount to more than the deposits made by $598.08.

A statement is furnished showing items in suspense amounting to $327.36.

Among the cheques paid and included in the amount above stated ($49,671.20) is one for $3,368.91, dated June 30, and this cheque is not entered on the returns.

To reach any accurate knowledge of the condition of this account it is necessary to have a statement prepared by the bank, of all the deposits made and all the cheques paid, commencing on January 1. It seems to me you should request the bank to furnish such a statement, made up to the 1st instant, and that a similar statement should be forwarded direct to your department at the close of each month in future.

I may add that all the banks having accounts with any of your agents should furnish monthly statements direct to your department, and each agent should furnish a statement of the cheques issued and deposits made. You would then be able to exercise a close supervision of the accounts.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, January 15, 1909.

SIR,—I am directed to acknowledge receipt of your letters of the 10th and 11th ultimo, with reference to the unsatisfactory manner in which the Edmonton bank statements for the seven months ended July 31 last were prepared.

I inclose herein a complete copy of the bank ledger received from the manager of the Imperial Bank, Edmonton, from January 1 to August 31, 1908. The return has been carefully compared with the monthly statements received from the Dominion lands office, and it is found that a deposit of $970.19 was made in the trust account on July 31, 1908, but was not entered in the July return sent to the department by the land agent.

On August 31, 1908, the bank manager shows a credit balance of	$3,801 42
Deduct from this amount cheque No. 912 issued to cover July revenue	2,660 49
	$1,140 93
Add deposit of August 1 to cover balance of July revenue.	119 80
Balance July 31, 1908	$1,260 73

The above balance agrees with the amount shown in the agent's bank statement for July, 1908, which was sent to your office in September last, and adjusts the Edmonton Dominion lands trust account to July 31, 1908. The returns for August, September, October and November were found to be in order and were forwarded to your office some time ago.

In order to further safeguard the revenue, the bank managers with whom the land agents deposit the receipts of their offices have been requested to furnish the department with a complete copy of the Dominion lands trust account monthly, together with all paid cheques.

In future the land agents will render a certified statement, signed by the agent and the accountant, showing on the debit side all the cheques issued, and on the credit side all deposits made.

The agent at Edmonton has been instructed to render the bank account statements promptly each month in future.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, December 11, 1908.

SIR,—The inclosed statement shows the transfers made from the collector's bank account to the Receiver General's account during the seven months ended July 31.

Commencing with March, these transfers were not made for days after the close of the period covered. At first the delay was only 7 days, but later it reached 20. Presumably, the agent was making good the collections of one week with the collections made subsequently. No doubt these accounts are promptly and closely examined in your department. How do you account for this objectionable practice being allowed to continue for four months? I need not impress on you the necessity of prompt action to stop such practices. It is the best, and in fact, the only way of preventing serious defalcations.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, December 11, 1908.

SIR,—Upon examination of the paid cheques of the Edmonton agent's trust account, issued between January 1 and July 31 last, it is found that seventy-three cheques were made payable to bearer, amounting to $251.10, and the only endorsation thereon is that of the agent.

I beg to call your attention to the order in council of June 27, 1888, section 4, which reads as follows:—

'That all cheques be drawn in the form: "Pay to the order of. . . . . ;" and not in either of the forms: "Pay to. . . . . or bearer," or "Pay to. . . . . or order."'

Please instruct the agent accordingly.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, January 15, 1909.

SIR,—Referring to your letters of the 11th and 18th ultimo, with reference to the agent at Edmonton issuing trust account cheques payable to bearer, I beg to inclose a copy of a letter dated the 31st ultimo, from the land agent, explaining his action in the matter. I also inclose a copy of a letter which has to-day been sent to the agent in this connection.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

INTERIOR DEPT., EDMONTON, December 31, 1908.

SIR,—Referring to your letter of the 22nd inst., reference No. 1559589, I beg to inform you that it has been the custom in this office when a cheque was returned by the post office authorities 'not called for,' and could not be delivered to the person in whose favour it was drawn, to change the word 'order' to 'bearer,' and deposit the cheque to the credit of the payee in the bank. Also in cases where a cheque had been made out, and it was found upon reconsideration that the money might be applied, an entry was made in the cash book, crediting the payee with the amount, and the cheque changed to read 'payable to bearer,' and deposited to the trust account in the bank. All other cheques are made payable to order, in fact all cheques are made payable to order, unless it is necessary to deposit them to the trust account in the bank. I beg to suggest that in cases of this kind the particulars of the case be endorsed on the back of the cheque under the agent's signature, and beg to request you to advise me if this will be satisfactory to the Auditor General.

I am, sir, your obedient servant,

The Secretary, Dep. of the Interior. K. W. MACKENZIE, *A. D.L.*

INTERIOR DEPT., OTTAWA, January 15, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 31st ultimo, explaining your action in changing certain trust account cheques to read payable to bearer instead of 'to the order of.'

In future when it is found necessary to deposit cheques to the credit of the bank account, be good enough to enter the full particulars on the back of the cheques, and see that they are endorsed by yourself and the accountant of your office. The banks in Ottawa accept cheques so endorsed, and no doubt the manager of the Imperial Bank, when the circumstances are explained to him, will do the same. In no case in future should a government cheque be changed to read payable to bearer.

I am, sir, your obedient servant,

P. G. KEYES, *Secretary.*

K. W. MacKenzie, Esq., Agent of Dom. Lands, Edmonton, Alta.

Re Crown Timber Inspector's Reports.

AUDIT OFFICE, OTTAWA, June 12, 1908.

SIR,—I have received recently reports of inspections made by Inspector Stephenson, of the Crown timber agencies of Prince Albert and Yorkton, relating only to the cash transactions.

With reference to Prince Albert the inspector says in part 'this office should be given an experienced bookkeeper to take care of the cash and to keep the accounts of the lumbermen. The timber end of the office business has never been efficiently dealt with, and as it has now assumed large proportions a capable man should be placed in charge who would give it his whole attention.'

With reference to the Yorkton agency, he reports certain seizures of lumber cut in trespass, representing 2,000,000 feet b.m., upon which the dues remaining unpaid amount to $6,983.01.

Please let me know if any action has been taken in reference to these matters.

I beg to request that you will furnish this office with the reports of Inspector Stephenson covering the inspections of the various agencies from the first of April, 1907, to the present time, relating to royalties, seizures, &c., and that he be instructed to furnish such reports in addition to the cash reports in the future.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Re Land Sale—Saskatchewan Valley Land Company.

AUDIT OFFICE, OTTAWA, May 1, 1908.

SIR,—An order in council was passed on May 24, 1902, authorizing the sale of certain lands therein described, to Messrs. A. D. Davidson, G. F. Piper, A. L. Warner, George C. Howe, D. H. McDonald and A. J. Adamson, at $1 per acre, not to exceed 250,000 acres.

Messrs. Davidson, *et al,* I believe, formed a company known as the Saskatchewan Valley Land Company.

The purchasers were to deposit with the government the sum of $50,000 as security, this amount to be retained by the government until all the lands have been earned, then to be applied in payment of the last 50,000 acres of land.

It is found upon reference to the above quoted O. C. that the arrangement should extend over a period of five years from that date. As the time limit has expired, I have to inquire if the purchasers have completed the undertaking.

I should be glad to have a statement showing the lands earned and granted to the purchasers, the number of settlers placed by them upon the lands so granted, and the date and application of all payments, including the security deposit made by them relating to this sale.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, May 21, 1908.

SIR,—In the absence of Mr. Cory, I beg to acknowledge the receipt of your letter to him of the 1st instant, with reference to the sale of certain lands to the Saskatchewan Valley Land Company, and inclose herewith, for your information, a copy of the memorandum which has been made to me on the subject by the official of the department who has charge of such matters, with copies of the statements mentioned therein. I trust this information will be satisfactory.

I am, sir, your obedient servant,

The Auditor General. J. A. COTE, *Act. D.M. I.*

LANDS PATENTS BRANCH, OTTAWA, May 15, 1908.

Memorandum.

I beg to return the Auditor General's letter of the 1st instant, respecting the sale of 250,000 acres of land to the Saskatchewan Valley Land Company, Limited, which has been referred to me for report, and to attach hereto the statement asked for by him:—

1. Statement showing date and application of all payments, including the security deposit made by the Saskatchewan Valley Land Company, Limited.

2. Statement of lands granted the company under the terms of the order in council of May 24, 1902.

3. Statement showing the number of settlers placed by the company upon lands within the townships in which the lands earned and granted to the company are situate (1,682)).

In this connection I beg to submit for your perusal the memorandum of the 11th instant, attached to file herewith, addressed to me by Mr. Geo. Gibson, in this matter, in which, among other things, he explains that in the letter from the company of April 24, 1907, inclosing $29,380.81 cash, and $24,240 scrip, it is stated that 'should there be any difference in the amount on account of accrued interest, if you will kindly advise us we will at once pay in any balance that may be due.' According to the view taken by the department there was still a balance due of $7,875.19 on account of a difference in accrued interest, the account for which was rendered and paid on April 23, 1908.

The Acting Deputy Minister of the Interior.

Re Agents' Bank Accounts.

AUDIT OFFICE, OTTAWA, May 4, 1908.

SIR,—On January the first, of this year, a new system of bank accounts and cheques was inaugurated throughout the Dominion lands agencies. The accounts for January, February and March have been received with the exception of the Edmonton agency for February and March.

It is found that the agents at Brandon and Estevan use the official cheque only to make refunds of amounts that cannot be accepted, and the bank cheque is used for the purpose of withdrawing from the trust account sums to be placed to the credit of the Receiver General. The official cheque should be used for both purposes.

The counterfoils of the cheques do not bear the name of the agency upon which they were drawn, and I beg to suggest that the agents be instructed to place an imprint of the office stamp thereon, in the future.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

INTERIOR DEPT., OTTAWA, May 6, 1908.

SIR,—I am directed to acknowledge the receipt of your letter of the 4th instant, with reference to the new system of bank accounts and cheques now in force throughout the Dominion lands agencies. In reply, I am to inform you that a circular letter has been addressed to all the agents requesting them to insert the date stamp of their office on the coupons of the cheques issued. The agents at Brandon and Estevan have also been instructed to use the official cheques when transferring the revenue of their offices from the trust account to the credit of the Receiver General.

I am, sir, your obedient servant,

The Auditor General. P. G. KEYES, *Secretary.*

AUDIT OFFICE, OTTAWA, August 10, 1908.

SIR,—It is observed, upon examination of the trust account cheques of the Dominion lands agents at Battleford and Moosejaw, that the word 'order' is sometimes changed to read 'bearer' and in these cases the cheques are not endorsed by the payees.

The executive regulations require all cheques to be made 'payable to the order of.'

So far as I am aware, no other voucher is executed in connection with the refunds of moneys which cannot be accepted for the purpose for which payments were intended. If such is the case, I should deem it prudent to have the endorsations of the parties entitled to refunds.

I am, sir, your obedient servant,

The Deputy Minister of the Interior. J. FRASER, *A.G.*

Re Yukon Local Revenue, Salaries and Travel, Territorial.

AUDIT OFFICE, OTTAWA, September 16, 1908.

SIR,—I find that Mr. G. H. Acres and Mr. Zera Strong were both paid for services rendered as sanitary inspector for the month of October. Mr. Acres' October cheque was mailed to Ottawa. Please explain.

On April 13, 1908, Commissioner Henderson received an advance of $300 on account of expenses to Whitehorse. No statement of expenses in connection therewith has been received.

Mr. A. Watson was paid $265 travelling expenses to Whitehorse and return, inspecting road-houses, from January 22 to March 23, and $95.05 expenses on a trip of inspection of liquor licenses, Stewart river, from May 22 to June 6. He was also paid $600 salary as correspondence clerk from July 1 to June 30. I have to inquire if he was paid for his services in the Gold Commissioner's office during the period of his absence from Dawson on these inspection trips.

I am, sir, your obedient servant,

The Comptroller, Dawson, Y.T. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., October 3, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 16th ult., *re* salary and travelling expenses, local revenues, Yukon Territory.

In explanation of the salary paid Mr. G. H. Acres for October, I beg to inform you that Mr. Acres was appointed territorial sanitary inspector on August 1, 1905; he served in that capacity until September, 1907, during which period he had not had any leave of absence, and as he was resigning and leaving the Territory, he was allowed one month's salary. Mr. Zera Strong was appointed in his stead from October first.

Referring to the advance made to Commissioner Henderson on April 13, from local revenue account, I beg to advise you that this advance should have been made from the letter of credit account, Department of the Interior, but there were no funds available at that time in that account. He was, therefore, given an advance from the local revenues. He will make a statement of this expenditure and the matter will be adjusted in a few days.

Regarding the sum of $265 paid to Mr. A. Watson for travelling expenses inspecting road-houses from Dawson to Whitehorse, I beg to inform you that the Yukon Council at its session in 1907 passed an ordinance respecting road-houses in the Yukon Territory, providing for fire-escapes and generally dealing with the materials used for papering, &c., and the stove-pipes, having in view the safety of the travelling public. To put this ordinance into effect, the Commissioner deputed Mr. A. Watson to make an inspection of each road-house on the winter trail, giving them a reasonable time to comply with its provisions. Mr. Watson was going to Winnipeg, having been granted special leave of absence by the Commissioner, and it was considered advisable to utilize his serivces for the purpose of this inspection.

The inspection of the road-houses on the Stewart river was made by Mr. Watson. He accompanied Mr. A. J. Beaudette, the mining engineer, who went to make inquiries into certain mining matters in that part of the Territory. It was necessary to return by small boat and the two officials going together avoided the necessity of paying the hire of boatmen.

Mr. Watson received no remuneration for his services in either case, his actual travelling expenses only being paid. He was paid his salary as correspondence clerk during these inspection trips, his work being performed by one of the clerks in the Gold Commissioner's office.

I am, sir, your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., October 16, 1908.

SIR,—Referring further to your letter of September 16, in reference to an advance made to Commissioner Henderson on April 13, from local revenue account, of $300. I beg to advise you that he has made a return showing his expenditure to be $130.50;

and as this advance should have been made from the Department of Interior letter of credit account, I have to-day refunded to the local revenues of the Yukon Territory the sum of $300 advanced in April, which will appear under general receipt No. 2643, dated October 15; and have issued a cheque from the Department of Interior account, No. 9122, to cover the amount of his expenses, $130.50.

I am, sir, your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

Re **Yukon Local Revenues, Miscellaneous—Territorial.**

AUDIT OFFICE, OTTAWA, September 15, 1908.

SIR,—Cheque No. 5040 was issued to Thos. H. Hinton for $500, as recommended by the Committee of Public Accounts, in payment for services rendered to the government of the Yukon Territory, acting as paymaster in the disbursement of road expenditures in the Mayo district, and for the relief of indigents, &c.

The account does not give any details as to the time he was employed in that capacity. I have to inquire if Mr. Hinton was also employed by the Dominion government as mining inspector at Duncan creek during the same period?

I am, sir, your obedient servant,

The Comptroller, Dawson, Y.T. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., October 2, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 15th ult., regarding a payment made to Mr. T. H. Hinton, under cheque No. 5040, local revenues, for services rendered to the local government of the Yukon Territory.

Mr. Hinton was employed as mining inspector by the Dominion government during the period referred to.

Duncan district is about 210 miles from Dawson, and there is no post office or postmaster in the district. Mr. Hinton has, therefore, acted as agent for the local government for some years past. There has been a considerable sum of money expended on the construction of roads in that district; on all occasions Mr. Hinton has acted as paymaster in the payment of wages of the men employed. He had two different sums of $10,000 placed to his credit for this purpose, the cheques being countersigned by myself, after being compared with the pay-sheets. He also looks after the storage of materials used in connection with the government roads, and in the early spring, before the opening of navigation, has discretion to make small expenditures for the necessary repairs to roads, bridges, &c. He further looked after the pumps which were purchased by the local government, the use of which was given to certain miners on Duncan creek. Mr. Hinton petitioned the Yukon Council at its session in August, 1907, for some remuneration for these services; the petition was referred to the Committee on Public Accounts, and they recommended that he be granted the sum of $500 for all services rendered up to August 19, 1907.

The report of the committee was unanimously adopted by the Council. I beg to inclose the journals of the Yukon Council, session, 1907, and would refer you to pages 39 and 40 as marked.

I may say that Mr. Hinton acts for the government in looking after the sick and destitute Indians in that part of the Territory without remuneration.

I am, sir, your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

Re Yukon Local Revenue.

AUDIT OFFICE, OTTAWA, May 15, 1908.

SIR,—I have to call your attention to the following appropriations for the 12 months ending June 30 next, which it is found were over-expended on March 31 last, viz.: Roads, bridges, &c., vote $143,785, expenditure to March 31, $152,790.01, less refunds, &c., $656.05, leaving a net overdraft of $8,348.96.

Street lighting Dawson City, vote $2,500, expenditure to March 31, $2,542.50, overdraft $42.50. I find that the accounts rendered for lighting are only up to February 29.

I am, sir, your obedient servant,

The Actg. Comptroller, Dawson, Y.T. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., June 17, 1908.

SIR,—Referring to your letter of May 15, *re* over-expenditure for roads and bridges, I beg to advise you that it has always been understood, in making this appropriation, that it would be an elastic one, and, if the Commissioner finds that the revenue is likely to be more than the estimate, he may over-expend this appropriation should the necessity arise.

There will be a slight overdraft in street lighting, Dawson City. These over-expenditures will be provided for by ordinance. A supplementary vote will be passed for the year ending June 30, 1908.

I am, sir, your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

AUDIT OFFICE, OTTAWA, December 31, 1907.

SIR,—Cheque No. 4701 was issued to the City of Dawson on July 3 last, for $20,954.80, for debit balance at the Canadian Bank of Commerce, on June 30, 1907.

I do not find that any provision was made in the ordinances of the Yukon Territory, 1907, for this payment.

Please let me know under what authority it was paid.

I am, sir, your obedient servant,

The Comptroller, Dawson, Y.T. J. FRASER, *A.G.*

COMPTROLLER'S OFFICE, DAWSON, Y.T., January 21, 1908.

SIR,—I beg to acknowledge the receipt of your letter of December 31, *re* cheque No. 4701, which was issued to the City of Dawson on July 3 last, for $20,954.80, for debit balance at the Canadian Bank of Commerce, on June 30, 1907.

You state that there is no provision in the ordinances of the Yukon Territory for 1907 for this payment, and request to know under what authority the payment was made.

I beg to inform you that when the Territorial government was organized, in 1898, the affairs of the City of Dawson were administered as part of the Territory. Some time later there was a certain agitation for the incorporation of the City of Dawson

and a plebiscite was taken during the latter part of the year 1901, the majority of the people being in favour of incorporation. A charter was granted the city and the affairs were managed by a mayor and board of aldermen until October 1, 1904. It was found that the charges of the management under the city were so expensive that the citizens petitioned the Commissioner in Council to have the city charter rescinded. A plebiscite was accordingly held in September, 1904, and a large majority of the ratepayers voted in favour of the city charter being revoked and the affairs of the city managed by the Yukon Council. Under an ordinance which was passed in August, 1904, 'an ordinance to provide for a plebiscite respecting the Dawson City charter,' being chapter 16, of 1904, it was provided that in the event of the majority of the ratepayers being favourable to the rescinding of the Dawson City charter then the powers enjoyed by the mayor and corporation should be vested in the Commissioner of the Yukon Territory.

The city offices were closed up in September, 1904, and the work in connection with the city was transferred to the Administration Building. It was considered necessary to keep a separate set of books, and the services of the accountant who had been employed by the city were retained, as well as those of the assessor and tax collector. At that time, the city was indebted to the Canadian Bank of Commerce, $61,840.18, and it was considered advisable to reduce this amount by civic taxation.

As the business of the city was falling off, it was thought best to dispense with the services of the city bookkeeper and to transfer the whole accounts to the government of the Yukon Territory, keeping only one set of books. The balance having been reduced, some $40,000 was transferred to the local government account; but it is the intention to keep the affairs of the Territory and the city in two groups, as will be shown by the balance sheet of December 31, inclosed, and to gradually wipe out this indebtedness from the taxes collected by the city. When the matter was presented to the Yukon Council at its last session, this scheme was agreed to and approved of, although no ordinance was passed; and if, in the opinion of the legal adviser, it is necessary that an ordinance should be passed, I will have one prepared and put through at the next session of the Council; but the intention was to simplify matters and curtail the expenses in connection with the keeping of accounts.

I am, sir, your obedient servant,

The Auditor General. J. T. LITHGOW, *Comptroller.*

AUDITOR GENERAL'S REPORT
1907-1908

PART O

MARINE AND FISHERIES DEPARTMENT

DETAILS OF EXPENDITURE AND REVENUE.

Subsidy to Fraser River Oil and Guano Company.

MARINE AND FISHERIES DEPT., OTTAWA, October 21, 1908.

SIR,—In connection with the agreement entered into by this department with the Fraser River Oil and Guano Company for a guarantee against loss in the operation of that company's plant up to $10,000 in any one year, I am sending to you the file of this department on the subject, and I should be very much obliged if you would inform me if the statement submitted by the chartered accountants in connection with the present year's operations, together with the report of Inspector Sword, are sufficient on which to pay the guarantee of $10,000 for the present year, in the light of the action taken last season in the matter.

Kindly return the file with your reply.

I am, sir, your obedient servant,

G. J. DESBARATS, *Act. D.M. M. & F.*

The Auditor General.

1—15½o

AUDIT OFFICE, OTTAWA, October 26, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, with reference to a claim of the Fraser River Oil and Guano Company for a subsidy of $10,000 guaranteed them by order in council and a contract subsequently entered into between the company and the Department of Marine and Fisheries against loss in the operation of their reduction works on the Fraser river and Howe Sound, British Columbia.

In connection with this claim I beg to call your attention to my letter of October 7, 1907, respecting a similar claim for the season of 1907.

I still hold to the opinion, as therein expressed, that the company have not lived up to their contract or to the provisions of the order in council upon which the contract was founded, and I would suggest that the present claim be submitted to the Governor in Council, with a statement of the whole circumstances of the case, and, if the department desires to recommend payment, asking for authority to do so, notwithstanding the fact that the works at Howe Sound were not operated, and also, if such were the case during the past season, that the company did not remove all the offal from the Fraser River canneries. I return the file sent me with your letter, by messenger.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 14, 1908.

SIR,—Adverting to your letter of the 26th ultimo, in regard to the payment of the guarantee against loss up to a maximum of $10,000 to the Fraser River Oil and Guano Company, I may say that the matter has been submitted to the Governor in Council, who, under all the circumstances, has been pleased to authorize the payment of the guarantee for the present year.

I inclose for your further information a copy of the order in council, as well as a requisition for a cheque for $10,000 in favour of the Fraser River Oil and Guano Company, Limited, and I should be obliged, as the department is being continually urged for the payment of this guarantee, to have the cheque with the least possible delay.

You will observe from the copy of the order in council inclosed that the company is to be notified that in future it will be expected to carry on the work without any guarantee from this department.

I am, sir, your obedient servant,

The Auditor General. R. N. VENNING, for *Act. D.M. M. & F.*

Tenders for Timber on Gore Bay Lighthouse Reserve.

AUDIT OFFICE, OTTAWA, June 1, 1908.

SIR,—I find from the accounts sent me in support of payments during the fiscal year 1907-8 for advertising, that a payment of $6 was made to the Manitoulin *Reformer* for advertising for tenders for timber on Gore Bay Lighthouse Reserve; the tenders to be in the department not later than July 15, 1907.

So far as I can ascertain, no revenue from this source has come to account, and I shall be obliged if you will let me know if the timber in question has been disposed of, or if not, how the matter now stands.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 5, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 1st instant, calling the attention of the department to a payment of $6 made during the fiscal year 1907-8, to the Manitoulin *Reformer* for advertising tenders for timber on Gore Bay Lighthouse reserve, and asking if the timber has been disposed of, and also what became of the proceeds of sale.

In reply I beg to say that as a result of the advertisement an agreement was made between the department and Mr. R. W. Mulligan (his being the highest tender) by which the latter was authorized to remove the trees killed by fire on the Gore Bay Lighthouse reserve at the following rate:—

For the pine, per thousand feet board measure	$7 00
For the spruce, per thousand feet board measure	5 00
For ties	0 06
For posts, each	0 01½

The lumber removed was to be checked by Mr. Angus Matheson, lightkeeper at Gore Bay. Mr. Angus Matheson has reported that Mr. R. W. Mulligan did remove some ties which were checked lately and for which a remittance will be made.

I am, sir, your obedient servant,

The Auditor General. G J. DESBARATS, *Act. D.M. M. & F.*

Buoy Service and Patrol at Lime Kiln Crossing.

AUDIT OFFICE, OTTAWA, May 1, 1908.

SIR,—I beg to ask for further information than is contained in the vouchers sent me, of payments made to Agnes Hackett during the fiscal year 1907-8, amounting to $4,520, which have been charged against the appropriation for maintenance of lights.

There are charges in these vouchers for 16 spar buoys for Lime Kiln crossing, at $15 each; 10 spar buoys for Bar Point, at $10; 1 Spokane buoy, $15, and $375 for buoy service in Detroit river. In addition to these buoy service charges there are claims for lighting the wreck of the tug *Castle,* from August 2 to December 18, 1906, at $8 per diem, $112, and for lighting the wreck of the *Armenia,* from May 19 to December 18, 1906, at $12 per diem, $2,568.

All these claims are certified 'prices as agreed,' but in only one instance, that of three buoys for Lime Kiln crossing, is there a certificate of a local officer that the buoys were received and placed?

It seems to me it is necessary an explanation should be given in regard to the number of buoys purchased for Lime Kiln crossing, and also as to the evidence upon which the price paid for the spar buoys and the lighting of the two wrecks was accepted by the department as fair and just.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 15, 1908.

SIR,—In reply to your letter of the 1st instant, asking for further information relating to payments made to Mrs. Agnes Hackett in the fiscal year 1907-8, amounting to $4,520, I have to inform you that my letter of June 26, 1906, copy of which I inclose, explains the manner in which the buoy service in the Detroit river has been dealt with for several years.

The buoys for Bar Point and Lime Kiln crossing were authorized in every instance at the prices charged before they were made, and consequently the accounts were certified as agreed.

The department had no local officer in the immediate vicinity to certify accounts for buoy service. Mrs. Agnes Hackett is the lightkeeper on Bois Blanc island, near the mouth of the Detroit river and Bar Point, and the accounts were forwarded by herself and certified in the department. Mr. Barrett, collector of customs, was appointed harbour master for the port of Amherstburg in December, 1906, and some of the buoy accounts were certified by him.

With regard to keeping lights on the wreck of the *Armenia,* this vessel was sunk out in Lake Erie in the channel used by vessels and was a constant menace to navigation. Offers were obtained for keeping lights, and Mrs. Hackett's offer up to May 19, 1906, was the lowest and was accepted. It was absolutely necessary to place the lights at the time, as the wreck was struck by a vessel. The account is in accordance with the price accepted and was certified correct by W. A. Manson, lightkeeper, Pelee passage.

The charge for keeping a light on the wreck of the *Castle* was agreed upon at $8 per night. This vessel was in the Detroit river.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *for D.M. M. & F.*

Explanation of Overdue Claim.

AUDIT OFFICE, OTTAWA, May 27, 1908.

SIR,—I beg to bring to your notice a payment of $75 made during the fiscal year 1907-8 from the appropriation for maintenance of lights, New Brunswick, to the Dominion Fish Company, Richibucto, for 5 years' rent of Richibucto, South Beach lights.

It is necessary that an explanation of the delay in making this payment, in so far as the rent for the years prior to 1907 is concerned, should be sent me.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

Pensions to Pilots, Quebec District.

AUDIT OFFICE, OTTAWA, January 16, 1908.

SIR,—I beg to bring to your notice the payments made during the current fiscal year from the vote for the administration of pilotage to certain pilots of the Quebec district, as pension allowances; and to ask upon what statutory provision the order in council authorizing these allowances is based.

I notice from the vouchers sent me that in the case of the pilots below Quebec, the government pays all expenses in connection with the steamer *Eureka,* used exclusively by the pilots, in addition to paying the board of the pilots when on shore at certain points on the St. Lawrence river. There is no such expenditure in the case of the pilots operating between Quebec and Montreal, nor in connection with the pilots of other districts in Canada.

I presume that, previously to the department becoming the pilotage authority of the pilots of the Quebec district, all the expenses necessary to the proper prosecution of their work were borne by the pilots themselves. In view of their being relieved of these expenses by the government, it seems to me necessary that the department would explain in what respect the country has been benefited. Have the pilotage fees been reduced or were they so low under the old system that it was impossible to give a satisfactory service?

In regard to the pension allowances, I should like to be informed if the retired pilots to whom these allowances are paid by the government receive also a pension from the fund at the disposal of the pilots' corporation.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 21, 1908.

SIR,—In answer to your letter of the 16th inst., in reference to various questions in regard to pilotage.

The order in council authorizing the pension allowances for pilots below Quebec is not based upon any statutory provision. The pilots below Quebec are in an entirely different position from the pilots between Montreal and Quebec, the pilots below Quebec are a corporation, the pilots above Quebec are simply an association, and although the whole of the pilotage from Montreal to Father Point is under the control of this department, the rules, regulations and by-laws for the two pilotage systems are entirely different.

Some few years ago the pilotage below Quebec was carried on from schooners, and the pilots lived on board these schooners very cheaply, the department, in the interest of shipping, decided to do away with the schooners and substitute a steam pilot tender, the limit of the pilotage ground was also increased thirty-four miles, the steam tender is not fitted for the pilots to live on board, as they were accustomed to live on board the schooners, it is necessary, therefore, to pay their board on shore, there is no such expenditure of this sort for pilots between Quebec and Montreal, or for pilots elsewhere, as the conditions are entirely different.

When the department took over the pilotage system below Quebec, it was found that the number of pilots on the list was in excess of the number required for navigation purposes, and it became necessary, in the interests of shipping, to reduce these numbers, it was impossible, however, to do this in an arbitrary manner without making some allowance to the old and faithful pilots, who it was proposed to get rid of, it was decided that a pension of $300 per annum for all pilots over sixty-five years of age would be fair and just, it is proposed, if possible, to reduce the number of pilots below Quebec to ninety, which is considered sufficient.

The money at the disposal of the pilots' corporation below Quebec has nothing whatever to do with this department; the pilots below Quebec pool their earnings and pay out a certain amount as a pension fund, the pilots above Quebec do not pool their earnings, and the reason that a pension fund was given to the lower Quebec pilots and not the ones between Montreal and Quebec, is because, it was not desirable to reduce the number of pilots above Quebec.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

AUDIT OFFICE, OTTAWA, January 25, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 21st instant, in which you state that 'the order in council authorizing the pension allowances for pilots below Quebec is not based upon any statutory authority.'

It seems to me statutory authority is essential in this matter, as parliament alone can create pensions and make the necessary provision for their payment.

I am aware that the appropriation of the fiscal year 1907-8, to which the pensions authorized by order in council have been charged, reads as follows: 'To provide for the administration of pilotage and pensions,' but even if provision has been made in this vote for the payment of pensions, as well as for the administration of them, it seems to me the vote itself is not sufficient statutory authority for creating a claim that will be practically a permanent yearly charge on the treasury.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 27, 1908.

SIR,—In reference to your letter of the 25th ult., in which you inform the department that you consider that the pensions of pilots below Quebec not being based on statutory authority the department is not in a position to pay these pensions. The opinion of the Department of Justice was requested in this matter, and that department agrees with your contention, and I should be glad to hear from you, what wording of the vote which is placed before parliament would meet the case, as it appears somewhat undesirable to be obliged to have a special Act.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M. M. & F.*

AUDIT OFFICE, OTTAWA, February 29, 1908.

SIR,—I have to acknowledge receipt of your letter in reference to pensions of pilots below Quebec, and in reply, to say that in my opinion a special Act of Parliament should be obtained for the pensioning of these pilots, but if this is considered undesirable, an item under the head of pensions should be placed in the estimates, giving the name and amount for each person to whom it is intended to pay such pension. This would have to be repeated each year during the life of the pensioner.

In the meantime, until such authority is obtained no further amounts can be paid on account of these pensions.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Lighthouse Installations from F. L. Brooks & Co.

AUDIT OFFICE, OTTAWA, August 28, 1908.

SIR,—I beg to bring to your notice the amount, $87,781.50, paid last year to F. L. Brooks & Co., for lighthouse installations for the following places: Cape Bauld, Seal Island, Shippegan, Cape Ray, Fame Point, Carmanah, Bicquette, Sable Island,

Cape Fourchu. Are these lights now in operation and using the installations purchased from Brooks & Co., and have you obtained from the proper officer in each case a final certificate that the machinery, &c., were received in good condition and in every other respect in full accordance with the order given by the department?

The prices paid in every instance are certified 'fair and just.' From this I presume that tenders were not called for.

In addition to the lights I have mentioned, two lanterns, &c., costing $9,340, were delivered at Prescott. Have these been put in operation, or are they still in store?

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 1, 1908.

SIR,—I have to acknowledge the receipt of your letter of August 28, *re* lighthouse apparatus purchased from Barbier, Benard and Turenne, through their Canadian agents, Messrs. F. L. Brooks & Company, of Montreal.

1. The following stations are now in operation and using the installations purchased:—

(1) Seal Island: See Notice to Mariners No. 4, of 1908.
(2) Shippegan: See Notice to Mariners No. 53, of 1907.
(3) Fame Point: See Notice to Mariners No. 88, of 1907.
(4) Sable Island: See Notice to Mariners Nos. 97 and 131, of 1907.
(5) Cape Fourchu: See Notice to Mariners No. 35, of 1908.
(6) Cape Bauld: See Notice to Mariners No. 44, of 1908.

1. Cape Ray: The existing tower is being strengthened at this point. The lantern and apparatus in store there.

2. Carmanah: Arrangements are being made for the erection of this light. Lantern and apparatus in store there.

3. Bicquette: Arrangements are being made for the erection of the light. Lantern and apparatus in store at Quebec.

2. Tenders for the above lights were called for from Messrs. Chance Bros. & Company, of Birmingham, England, and Messrs. Barbier, Benard and Turenne, of Paris, France, through their Canadian agents, Messrs. F. L. Brooks & Company, and the French firm being the lowest tenderer, secured the above orders.

3. The two lanterns purchased from this firm were authorized by order in council dated May 15, 1907. One of these lanterns has been installed at Cape Anguille, and the other is being erected at Miscou.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *Ass't. D.M. M. & F.*

Lighthouse Installations from Chance Bros.

AUDIT OFFICE, OTTAWA, May 15, 1908.

SIR,—I beg to return herewith the inclosed applications for sterling bills in favour of Chance Bros. & Co., amounting to £8,235 13s. 8d., that you may have the necessary certificates as to the prices charged and the receipt of the goods inserted on the vouchers sent me in support of the claim made by Chance Bros.

One of the claims in question is for a double flashing apparatus for Cape Dogs, in the province of Quebec, which is dated December 23, 1907, and is certified 'received

sixty packages said to contain above apparatus.' Considering the date of the account it seems to me the officer of your department whose duty it is to take charge of this apparatus should now be in a position to give a more definite certificate as to the receipt of the various parts of the apparatus contained in the sixty packages to which he refers.

You will notice that neither of the two principal accounts is certified as to the price.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 26, 1908.

SIR,—Acknowledging receipt of your letter of the 15th instant, in which you take exception to the manner in which the account for Cape Dogs lighthouse apparatus is certified, I have the honour to inform you that the finer and more costly parts of the apparatus, viz.: the lenticular arrangements, are very carefully packed in cases, the lining of which is zinc, with soldered seams.

If this apparatus were unpacked for the purpose of checking, it would be necessary to have it repacked for transportation to its station, and this repacking would necessarily be done by men inexperienced in this class of work. You will readily appreciate the imprudence of this course of action, and the risk that the department would incur.

Such action, however, would appear to be unwarranted, in view of the fact that the firm of Chance Bros. has supplied this department with lighthouse apparatus for many years, and in every transaction has been found to be entirely reliable.

Further, the firm provides with each apparatus, a packing list showing the number of cases and the parts of the apparatus in each individual case. Therefore, having full confidence in the firm and having received the number of packages said to contain the complete apparatus, the department is satisfied as to the receipt of the goods. Moreover, the department is practically at all times in the debt of the firm, or the firm has apparatus under construction for the department, so that, if, by chance, an irregularity should occur, it would be easy to force an adjustment.

If the department should refuse to certify to the correctness of the accounts until the apparatus should have been unpacked at the light station, the result, in many cases, would be that the manufacturers would be kept for months without their money, which would manifestly be unfair and unjust to them.

The following procedure should obviate all difficulty, viz.: to pay the account on a certificate that the cases have been received, and that the prices for the apparatus as stated, are fair and just, and when the apparatus shall have been unpacked at the light station, checked and found correct, or if incorrect, rectified, that a certificate to that effect, be sent to the Audit Office to complete the record.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, May 27, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th inst., with reference to the form of certificate on an account rendered by Chance Bros., for lighthouse apparatus for Cape Dogs, in the province of Quebec.

You seem to have missed the point of my letter, which was: in view of the date of the account (December 23, 1907), sufficient time must have elapsed since the receipt

of the apparatus at Quebec to have it installed and fully checked. However, if this has not been done, I am willing to pass the account on the certificate given and the explanation in your letter of the 26th instant.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 2, 1908.

SIR,—Acknowledging receipt of your letter of the 27th ultimo, and with further reference to my letter of the 26th, I should have informed you that the reason that the Cape Dogs apparatus has not yet been checked and installed is that the apparatus was delivered in the late fall of last year, and Cape Dogs station is entirely inaccessible during the winter season.

Further, there are many large lights to be erected on the lower St. Lawrence and in the Gulf, and the work must be so arranged as best to take advantage of the services of the men and ships at our disposal, so that the erection of Cape Dogs could not be proceeded with even on the opening of navigation.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, September 24, 1908.

SIR,—During the fiscal year 1907-8, lighthouse apparatus to the amount of $206,928.29 was purchased from Chance Brothers & Co., Birmingham, England, at prices which have been certified in every instance as fair and just.

Is it possible to have competition in the class of lighthouse apparatus purchased from Chance Brothers, and if not, has the department made any inquiry as to the prices charged by them for similar installations used in Great Britain and other countries?

I notice that the prices charged include customs duties and freight. Have Chance Brothers quoted prices exclusive of these two items?

The installations purchased are given for the following places: Point Amour, Point Rich, Cape Pine, Low Point, Cape Dogs, Métis, Cape George, Lonely Island, Souris East, Prescott Depot, Sydney Range, Little Hope, Belle Isle, Estevan Point, Pachena Point.

For Cape George and Lonely Island there were 3rd order triple flashing lights, and in addition, one lantern ten feet nine inches diameter for each.

Please let me know if all these lights are now in operation, and also the disposition made of the apparatus delivered at the Prescott depot.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 9, 1908.

SIR,—I have to acknowledge the receipt of your letter of September 24, relative to lighthouse apparatus purchased from Messrs. Chance Bros. & Company, of Birmingham, England.

1. Tenders for the apparatus mentioned were called from Messrs. Chance Bros. & Company, of Birmingham, England, and Messrs. Barbier, Benard and Turenne, of Paris, France, through their Canadian agents, Messrs. F. L. Brooks & Company. The lowest tender was accepted, with the exception of one second-order light for Greenly island, which was given to Messrs. Chance Bros. & Company, although their tender was higher than their competitors. This was done to ensure delivery before the end of the fiscal year.

2. The letter to these firms asked for quotations f.o.b. Montreal, duty paid.

3. The following lights are now in operation, using the installations ordered:—

(1) Cape George, N.S.: See Notice to Mariners No. 50, of 1908.
(2) Lonely Island, Ont.: See Notice to Mariners No. 89, of 1907.
(3) Souris East, P.E.I.: See Notice to Mariners No. 133, of 1907.
(4) Sydney Range, N.S.: See Notice to Mariners No. 53, of 1907.
(5) Belle Isle, Nfld.: See Notice to Mariners No. 34, of 1908.
(6) Pachena Point, B.C.: See Notice to Mariners No. 31, of 1908.
(7) Point Amour, Straits of Belle Isle: In operation.
(8) Low Point, N.S.: See Notice to Mariners No. 49, of 1908.
(9) Little Hope, N.S.: See Notice to Mariners No. 87, of 1908.
(1) Point Rich, Nfld. Now being erected.
(2) Cape Dogs, Que. Arrangements are being made for the erection.
(3) Estevan Point, B.C. Arrangements are being made for the erection.
(4) Cape Pine, Nfld. The apparatus intended for this point was shipped to Cape Croker, Ont., for erection there. Arrangements are being made for erection.
(5) Métis, Que. Now being erected.

5. With reference to the lanterns for Cape George, N.S., and Lonely Island, Ont., these were ordered at the same time as the apparatus, but were shipped previous to the apparatus and were, therefore, invoiced separately.

6. With reference to the shipments to Prescott depot, which consisted of anchor lanterns, spare parts for 35 m-m. and 55 m-m. incandescent installations and 6th order port lights, as Barbier, Benard and Turenne do not supply the above, of an approved make, it was impossible to obtain comparative prices on these.

The disposition made of the anchor lanterns purchased during the period under discussion is as follows:—

1—120°	Chance	anchor	lantern,	Point à Baril, Ont.
1—120°	"	"	"	Fort William, Ont.
1—180°	"	"	"	Port Greville, N.S.
3—180°	"	"	"	Richibucto, N.B.
1—240°	"	"	"	Little Current, Ont.
1—240°	"	"	"	Jones Island, Que.
1—240°	"	"	"	Argenteuil Bay, Que.
1—240°	"	"	"	Richards landing, Ont.
1—360°	"	"	"	Gascons wharf, Que.
1—360°	"	"	"	Richibucto, N.B.
2—360°	Chance	port	lights,	in stock at Prescott.
2—270°	"	"	"	"
1—240°	"	"	"	"
1—240°	"	"	"	Fort William, Ont.

With reference to the spare parts of 35 m-m. and 55 m-m., these were required for the maintenance of the lights formerly supplied by Chance Bros. & Company.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *Ass't D.M. M. & F.*

Canadian Fog Signal Company.

AUDIT OFFICE, OTTAWA, September 14, 1908.

SIR,—I beg to bring to your notice the vouchers sent me in support of payments made during the fiscal year 1907-8, to the Canadian Fog Signal Company, amounting to $59,394.20. Some of these vouchers are certified prices 'according to contract,' some 'prices as agreed,' and some 'prices fair and just.' In a few instances vouchers for freight bear no certificate.

You sent me, some time ago, an 'extract from an agreement with the Canadian Fog Signal Company, of Toronto,' but on comparing the prices paid last year with the prices given in this statement, I find they do not agree. In many instances also the description given of the plants purchased, in the vouchers of last year, is not the description given in this statement.

It seems to me, in view of this disparity, I should be informed as to the agreement or contract under which the department purchased from the Canadian Fog Signal Company last year.

If there was no competition, what precautions were taken by the department to provide against excessive charges?

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, September 22, 1908.

SIR,—In reply to yours of the 14th instant with reference to payments made to the Canadian Fog Signal Company, I find that most of the payments were made under the terms of the department's contract with the company, or with deductions, owing to smaller engines and compressors being used in some cases. When these changes were made, the accounts were certified to the effect that the deductions were fair for the changes made.

There are several other cases in which smaller plants were purchased than the standard plant mentioned in the specifications. This only happened on a few occasions, and copies of the correspondence with the company showing how the prices were arrived at are inclosed herewith.

I may say that under the new tenders recently invited, provision was made for all sizes of plants, and in future it is expected that all payments will be absolutely according to contract.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Prices Certified 'Authorized' or 'Agreed.'

AUDIT OFFICE, OTTAWA, May 1, 1908.

SIR,—I beg to bring to your notice an account rendered by the E. Cavanagh Co., Ltd., Montreal, under date June 26, 1907, for sundry lighthouse supplies, amounting to $3,413.31, which was paid by cheque 6315a of the fiscal year 1907-8.

In two cases the items charged in this account are certified by Mr. Stumbles 'authorized and charge as agreed,' or 'prices as agreed.' Does this certificate imply that the prices were determined by tenders publicly called for, or were merely the result of private negotiation?

The whole supplies were purchased for the lights above Montreal, and in some instances are detailed under the name of the light for which they are intended.

Have receipts been obtained from the various light-keepers to whom these supplies were delivered, and in the case of supplies purchased for the lights generally, has a record of the disposition made of them been sent to the department by the officer into whose care they were committed in the first instance?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 22, 1908.

SIR,—I have to acknowledge receipt of your letter of the 1st instant, relating to an account rendered by the Edward Cavanagh Co., Ltd., Montreal, under date June 26, 1907, for sundry lighthouse supplies, amounting to $3,413.31 which was paid by cheque 6315a of the fiscal year 1907-8.

With regard to the two items in this account, which are certified by Mr. Stumbles 'authorized and charge as agreed,' or 'prices as agreed,' I may state that one item certified by Mr. Stumbles is for linseed oil and turpentine. Tenders were invited by letter for the oil and turpentine, and the lowest tender was accepted. With regard to the other item, namely, the chimneys, I may state that the chimneys required for the department have been purchased through the Edward Cavanagh Company for some years, as they are familiar with the requirements of the department, and it was not considered necessary to invite tenders.

With regard to your inquiry as to whether receipts have been obtained from the various lightkeepers to whom supplies were delivered, I may state that the superintendent of lights takes receipts from each light-keeper for all the goods when delivered at the station, and a record of the disposition made of supplies is kept by the superintendent, to whom the keepers send monthly reports of the supplies used.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Prices Certified as 'Fair and Just;' Tenders not Called for.

AUDIT OFFICE, OTTAWA, September 22, 1908.

SIR,—During the fiscal year 1907-8, hardware supplies to the amount of $18,150.69 were purchased from Caverhill, Learmont and Co., Montreal, in connection with the construction of lighthouses, general account. Of this amount, $6,976.09 was for brass which was apparently shipped direct to Prescott from Ansonia, Conn., U.S., upon which proportionate freight to the amount of $53.37 was allowed. I should like to have an explanation of this charge. Was freight on the brass sent direct to Prescott, prepaid in full, or were there any additional charges paid there?

All the vouchers rendered by Caverhill & Learmont are certified 'prices fair and just,' from which I infer tenders were not called for by public advertisement, though in several instances, notably the order for brass and iron, the amounts involved were large.

It seems to me that the orders for brass and iron were exceptionally large, and consequently I deem it necessary to ask for a statement showing the disposition made

of these supplies at Prescott and the quantities remaining in store at the end of the fiscal year, March 31, 1908.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, October 26, 1908.

SIR,—I have to acknowledge the receipt of your letter of the 22nd ultimo, relative to supplies purchased from Caverhill, Learmont & Company, of Montreal, Quebec, and shipped to Prescott, Ontario, and in reply, I have to inform you:—

1. There appears to be a discrepancy between the figures you give and those compiled in this department, namely, you say $18,150.69 is the total amount of invoice for material shipped to the above mentioned point, while the figures made up here only show $16,510.68, which includes a statement of $142.90 for April 20, 21 and 23, 1908.

2. Also your figures for brass shipped to Prescott from Ansonia, Conn., U.S.A., is $6,976.09, upon which proportionate freight to the amount of $53.37 was allowed. The total made up here amounts to $7,506.76, which includes $57.03 for freight; these figures were taken out as follows:—

Cheque No.	Invoice.	Freight.
A-1838	$5,778 09	$45 86
A-3705	420 62	3 37
A-4123	58 31	0 44
A-4275	1,143 63	7 36
A-8962	106 11	
	$7,506 76	$57 03

I am unable to explain how the discrepancies occur, but possibly your department may be able to throw some light on the subject.

3. Tenders were not called for by public advertisement.

4. The use to which the brass, purchased from the above mentioned firm, was put, includes buoy lantern bolts, two sizes; buoy lantern burners, two, four and six flame; flange unions, buoy valves, all kinds of valves and fittings for vapour installations, stands and supports for lens, clockwork for 2nd, 3rd, 4th, 5th and 6th order lanterns.

5. The following is an approximate estimate of the quantity in store at the end of the fiscal year 1908:—

	Lbs.
Hexagon brass	7,500
Round brass	10,500
Plate brass	2,500
Brass tubing	225
	20,725

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, October 30, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 26th inst., calling attention to a difference in the amount paid for brass purchased from Caverhill, Learmont & Co., during the fiscal year 1907-8, as given in my letter of September 22 last, and the amount which you obtain on examination of the vouchers in your department.

The attached statements (2) will explain the apparent discrepancy.

Why do you give an 'approximate estimate' of the brass in store on the last day of the fiscal year 1907-8? Are not the stores' records so kept at Prescott that the exact quantity on hand at any time may be readily ascertained?

The difference in freight is caused by a deduction of $3.66 from voucher 18962a.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 10, 1908.

SIR,—I have to acknowledge the receipt of your letter of the 30th ultimo, with statements attached showing payments made to Caverhill, Learmont & Co., of Montreal.

As I advised you in my letter of the 26th ultimo, the figures given applied only to Prescott, Ont., as your letter of September 22 was read as referring to this point only The statement inclosed in your last letter, however, takes all payments made to this firm for the different agencies, and I find these figures correct.

The difference in the freight is accounted for by the fact that on voucher No. 18962 for $211.26, of which $109.77 is for brass, the $3.66 freight was deducted from this amount, as per invoice, instead of from the $57.03 paid for freight, as deducted by you.

Trusting the above explanation is satisfactory,

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, June 1, 1908.

SIR,—I beg to bring to your notice the accounts sent me in support of several payments made during the fiscal year 1907-8 to John Davis & Sons, Halifax, for lumber supplied in connection with the maintenance of lights in Nova Scotia, to the amount of $2,370.69.

It would appear from the certificate given on these accounts by the agent of the department at Halifax, that the prices paid were the ordinary retail prices at which the lumber is sold, irrespective of the quantity purchased or the amount of any individual order.

It seems to me I should be informed if this is so, or if any arrangement was made with Davison & Sons to secure more reasonable rates in view of the quantity of lumber which the department would need to purchase during the year.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, April 7, 1908.

SIR,—Please let me know what means were taken by the department to ascertain that the price paid for coal to the Halifax Coal Company ($4.25 per ton) was a fair and reasonable price and as low as could have been obtained if tenders were publicly called for.

The accounts to which I have reference were rendered by the company between March 30 and December 12, 1907, and the coal supplied the steamer *Lady Laurier*. They are certified by Mr. Stumbles 'prices as agreed.' How is the quantity charged for verified?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, May 27, 1908.

SIR,—I beg to bring to your notice the several accounts rendered by J. H. Hickman & Co., Dorchester, New Brunswick, for coal delivered at several of the New Brunswick light stations during the fiscal year 1907-8, amounting to $6,530.75, and to inquire if the price paid ($7 per ton) was fixed by tenders called for by public advertisement.

Some of the accounts are certified 'prices according to contract,' but two, rendered in January, 1908, are certified 'prices according to agreement.'

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 5, 1908.

SIR,—I beg to call your attention to the vouchers sent me in support of eocene and astral oil purchased during last year (1907-8) from the Imperial Oil Company, for use in connection with maintenance of lights, British Columbia, amounting to $3,525.17, from September 5 to October 21, 1907.

These vouchers are certified 'prices fair and just' by the agent of the department at Victoria, B.C., thus indicating that tenders had not been called for by public advertisement.

In view of the statutory provision with reference to the purchase of supplies, to which I have already called your attention, I should like to know your reasons for having departed from the course prescribed by the statute, in the present instance.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 11, 1908.

SIR,—I beg to acknowledge your favour of the 5th instant, with reference to oil purchased for the British Columbia agency from the Imperial Oil Company. I am having this matter looked into and will be pleased to communicate further with you.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Services of C. J. E. Garry.

AUDIT OFFICE, OTTAWA, May 2, 1908.

SIR,—I beg to ask for explanation of a payment of $213.50 to the International Marine Signal Company, Limited, for services and expenses of C. J. E. Garry, during the month of May, 1907, in connection with the gas buoy service at Owen Sound and Parry Sound. This payment was made by cheque 3554a and has been charged to the appropriation for maintenance of lights.

In view of the staff maintained at the Prescott depot, it seems to me necessary that an explanation of the employment of Mr. Garry should have accompanied the voucher.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 21, 1908.

SIR,—Acknowledging receipt of your letter of the 2nd instant with reference to the employment of Mr. C. J. E. Garry, of the International Marine Signal Company, in connection with the buoy service in the Georgian bay in the month of May, 1907, I have to inform you that at this time the men of the Prescott staff capable of handling gas buoys were employed elsewhere, so that it became necessary to obtain the services of an outside man.

I am, sir, your obedient servant,

The Auditor General. J. T. HALKETT, *for Act. D.M. M. & F.*

Sponges Purchased from J. B. Laliberté.

AUDIT OFFICE, OTTAWA, May 5, 1908.

SIR,—I beg to bring to your notice a payment of $673.90 made during last year by cheque 1848a to J. B. Laliberté, Quebec, for sponges, &c., delivered at the Prescott depot. According to the voucher sent me in support of this payment, the invoice price of the sponges upon which customs duty was paid was £30 sterling, and the price charged to the government was £45 sterling, or a profit of 50 per cent. A like profit seems to have been charged on the other articles in the account, and in view of this apparently high profit it seems to me an explanation should be sent me of the department's reasons for having made the purchase from Mr. Laliberté instead of importing direct from the wholesale firm from which they were obtained in the first instance.

Were tenders called for in the case of these supplies ?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, June 2, 1908.

SIR,—I wrote you on May 5 last with reference to sponges, chamois skins, &c., purchased from J. B. Laliberté, Quebec, which were delivered at the Prescott depot, calling your attention to the apparently excessive price paid for them as shown by the invoice price upon which customs duty had been paid, and asking for an explanation of having purchased these articles from Laliberté instead of importing them direct.

Similar articles were purchased for the lighthouses of Nova Scotia (see voucher 3475a) at prices which appear equally excessive, and I shall be obliged for an explanation in regard to that transaction also.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 10, 1908.

SIR,—I beg to acknowledge receipt of your favour of the 2nd instant with reference to the purchase of chamois skins and sponges from Mr. J. B. Laliberté, of Quebec, and in reply would state that I am now making inquiry with reference to this matter. As soon as the information is received I shall be glad to communicate further with you.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, July 2, 1908.

SIR,—With reference to your recent letter in connection with sponges and chamois skins purchased from J. B. Laliberté, of Quebec, I am in receipt of a letter from this firm, a copy of which I inclose. I will be pleased to know if this letter is satisfactory. If not, I will obtain any further information you may desire.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D M. M. & F.*

AUDIT OFFICE, OTTAWA, July 9, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 2nd instant inclosing an explanation by Mr. J. B. Laliberté respecting what appeared to me an excessive profit on chamois skins and sponges purchased from him by the department in connection with the maintenance of lights.

It seems to me that the department is in a better position to judge of the sufficiency of Mr. Laliberté's explanation than I am.

The main point to be kept in view by the department appears to me to be, can these supplies be obtained from Mr. Laliberté, all things considered, at rates as reasonable as the department can import them direct?

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, July 10, 1908.

SIR,—I beg to acknowledge your favour of the 9th instant with reference to chamois and sponges purchased from Mr. J. B. Laliberté, of Quebec, and in this connection would state that the invoices on which you desired some explanation cover last year's supply of these articles for the department. I may also state that the requirements of the department for this year have also been supplied by Mr. Laliberté,

and his invoices are the same as last year. Of course, our next year's requirements will be provided for by our purchasing branch, who will, I have no doubt, buy such articles at the lowest available prices.

I am permitting the invoices rendered by Mr. Laliberté for this year's requirements to be passed for payment.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for Act. D.M. M. & F.*

Payments made to John E. Moore for Services of Steamer 'Lord Kitchener.'

AUDIT OFFICE, OTTAWA, April 13, 1908.

SIR,—In connection with the payments made during last year (1907-8), to John E. Moore, for services of the steamer *Lord Kitchener,* I find there were two contracts or charter parties, one dated April 11, 1907, binding both parties from April 25 to June 7, 1907, 'or from day to day thereafter, as the said charterer shall require the steamer,' the other dated November 11, 1907, which is made binding on both parties to March 11, 1908, or from day to day from the latter date as 'the said charterer shall require the said steamer.'

Under the first mentioned contract the consideration was $125 per day, the owner of the steamer finding everything, including pay of officers and crew, fuel, light, repairs, &c., and under the second $85 per day, the owner finding only the captain and first engineer, and the government undertaking all other expenses.

During the period of the first contract the *Lord Kitchener* was evidently employed as a substitute for the *Lansdowne,* then undergoing repairs, and during the second period in connection with the construction of lighthouses.

The point to which I desire to call your attention is the provision in the first contract empowering the department to continue the services of the steamer after June 7, 1907, so long as her services might be required, at the rate stipulated and to ask in connection therewith if the department had ascertained that it was more in the public interest to make the new contract than to continue the old one. Please let me know if you have made a comparison of the expenses in this regard, and if so, the result you have ascertained?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 23, 1908.

SIR,—With reference to your favour of the 13th instant, in regard to the payments made last year (1907-8), to Mr. John E. Moore, for services of the ss. *Lord Kitchener,* and asking in connection therewith, if the department had ascertained that it was more in the public interest to make a new contract than to continue the old one; would state that the first charter of the ss. *Lord Kitchener* was at the rate of $125 per day, the owners to supply all labour and supplies required, such as coal, food, oil, &c. The second charter made for this vessel was at the rate of $85 per day, said price to include the services of captain and chief engineer, the department to provide the balance of the crew and also all supplies required.

The total amount paid Mr. John E. Moore for the second charter amounted to $12,070. The cost of the crew and supplies during the term of charter amounted to $4,093.69, making a total expenditure of $16,163.69. As the charter party covered a

period of 142 days, the cost per day to the department amounted to $113.82. Consequently, the department effected a saving of $11.18 per day, as compared with the first charter.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, April 27, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 23rd instant, in explanation of the charter of the steamer *Lord Kitchener,* during the fiscal year 1907-8, in which you say that a saving of $11.18 per day was effected under the terms of the second charter as compared with the terms of the first.

In order that I may check the expenditure to which you refer, involving payments to the amount of $16,163.69, I shall be obliged if you will cause to be sent me a statement showing the numbers and amounts of the cheques making the total in question, and the appropriation to which these cheques were charged.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 9, 1908.

SIR,—Replying to your favour of the 27th ultimo, with reference to the charter of the *Lord Kitchener,* during the fiscal year 1907-8, which was in answer to ours of the 23rd ultimo, would state that when making up the statement of the amounts paid out in connection with the maintenance of the *Lord Kitchener* it was necessary to wire our agent in St. John, N.B., in order to ascertain the amount of unpaid accounts, and our statement was made up in accordance with his telegram.

It now transpires that the total amount paid out in connection with this vessel was $16,214.68, instead of $16,163.69, a difference of $50.99. This figures out approximately $114.18 per day; consequently, the department effected a saving of about $10.82 per day as compared with the original charter, instead of $11.18 per day, as stated in my letter of the 23rd ultimo.

As requested, I attach herewith a statement showing the number and amounts of the cheques making the total in question, all of which has been charged to the vote for construction of lighthouses.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *for D.M. M. & F.*

Large Amounts Purchased—Accounts Certified 'Prices Fair and Just.'

AUDIT OFFICE, OTTAWA, May 27, 1908.

SIR,—I beg to bring to your notice the accounts rendered by T. McAvity & Sons, St. John, New Brunswick, during the current fiscal year, for various hardware supplies in connection with the maintenance of lights, New Brunswick, amounting, to January, 1908, to $4,584.59, and to inquire if the prices paid are the ordinary retail prices, or if any arrangement was made with the McAvity Company to obtain special rates, in view of the large quantities purchased.

The accounts, in every instance, are certified 'prices fair and just,' so I presume tenders were not asked from other companies or persons dealing in similar articles.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 2, 1908.

SIR,—I beg to acknowledge your favour of the 27th ultimo, with reference to the supplies purchased from Messrs. T. McAvity & Sons, St. John, N.B.

I am taking the matter up with the department's agent in St. John, and will be pleased to write you as soon as we have a report.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, June 11, 1908.

SIR,—With further reference to your favour of the 27th ultimo, asking for certain information concerning the purchase of supplies from Messrs. T. McAvity & Sons, would state that tenders were invited for part of these supplies and for the following articles Messrs. McAvity & Sons' tender being the lowest was accepted: methylated spirits, Japan dryers, galvanized pails, bon ami, 'Naptho' soap, hurl brooms, stove brushes, No. 23, whisks, No. 7, lard oil, putty.

When other supplies in large quantities were required special arrangements were made by our agent at St. John for a reduction in the price on all articles, and in this connection I may mention 'White Horse' cement, which was purchased at from 20 cents to 30 cents per barrel less than the regular rates. Small quantities of supplies obtained from time to time were purchased at regular wholesale rates.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Advances Made in Excess of Requirements.

AUDIT OFFICE, OTTAWA, January 21, 1908.

SIR,—I beg to call your attention to two advances of $2,000 and $3,000, respectively, made to Mr. Geo. E. McFarlane, the officer in charge of the Souris Fish Drier, during the current fiscal year.

These advances are given for the purpose of meeting contingent expenses calling for prompt payment, such as the purchase of fish, labour pay-lists and similar outlay incident to the proper and effective operation of the fish drying process.

So far during the year, that is to November 2, 1907, I find that Mr. McFarlane has been repaid the amount of these expenses on weekly statements furnished the department, and in no case has the amount of his weekly claim reached $2,000, and only in six instances has it exceeded $1,000.

It seems to me that, under the circumstances, the amount advanced is greatly in excess of the requirements of the case, and I shall be obliged to have your explanation.

Does Mr. McFarlane deposit the advances in the bank and pay by cheque, or does he treat them as part of his personal account?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 27, 1908.

SIR,—I have to acknowledge the receipt of your letter of the 21st instant, calling attention to the advances made to Mr. Geo. E. McFarlane, manager of the Fish Drier at Souris, P.E.I.

The usual advance of $3,000 issued on April 17 last, was not at times sufficient to keep Mr. McFarlane supplied with enough cash on hand to meet current expenditure, it not always being possible for him during the busy season to make out and forward his accounts promptly, and payment of his accounts was also at times unavoidably delayed owing to the prior receipt of accounts for other services. The department, therefore, considered that a further advance was necessary to enable Mr. McFarlane to always be in a position to purchase all fish brought to the drier, and on August 6 last, the sum of $2,000 was sent to him.

As the necessity for this second advance no longer exists, the supply of fish having fallen off, Mr. McFarlane has been asked to refund it to the department.

With reference to your inquiry as to the manner in which Mr. McFarlane deals with his advances, I have asked him for a report. I may, however, say that payments for fish are invariably cash on delivery.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, February 15, 1908.

SIR,—With further reference to your letter of the 21st ultimo, and my reply thereto dated the 27th ultimo, respecting advances made to the manager of the Fish Drier at Souris, I have the honour to inform you that Mr. McFarlane has deposited the sum of $2,000, his second advance, to the credit of the Receiver General. The receipts which have been received at the department will be forwarded to the Receiver General at the end of the present month in the usual manner. Mr. McFarlane still holds the advance of $3,000, which will be accounted for at the close of the present fiscal year.

Mr. McFarlane reports in reply to my inquiry that he has not opened a special account for the Souris Fish Drier, that for fish purchased, labour and supplies, he pays usually by cheque and sometimes with cash, whichever is most convenient for the fisherman. Moneys received for sales he places directly to the credit of the Receiver General.

I have now instructed Mr. McFarlane to open a special account in his name as manager of the Government Fish Curing Establishment, to be kept separate and distinct from his personal account and to be used only for the requirements of the Fish Drier.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Accounts Certified 'Prices Fair and Just.' Tenders not Called for.

AUDIT OFFICE, OTTAWA, June 6, 1908.

SIR,—With reference to my letters of recent dates calling your attention to lighthouse supplies, &c., purchased during last year (1907-8), the prices of which were determined otherwise than by tenders called for by public advertisement, I beg to bring to your notice the accounts rendered in connection with the maintenance of lights in British Columbia by E. B. Marvin & Co., amounting to $6,378.82.

These accounts are certified by the agent at Victoria 'prices fair and just,' from which I presume that tenders were not called for. I should like to have your reasons for not having done so.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 15, 1908.

SIR,—I am in receipt of your favour of the 6th instant, with reference to supplies purchased from Messrs. E. B. Marvin & Co., Victoria, amounting to $6,378.82. I am taking up this matter with the agent in Victoria, and will be pleased to give you the information asked for as soon as I receive a reply.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Contract for Wooden Marine Hospital on Bunker Island, Yarmouth.

AUDIT OFFICE, OTTAWA, January 8, 1908.

SIR,—I beg to acknowledge receipt of your application of the 4th instant for a cheque of $3,300 in favour of Jacob Moses, being a payment on account of a contract for 'a wooden marine hospital on Bunker Island, Yarmouth, Nova Scotia.' The total amount of this contract is $7,285, and the time limit for its construction is March 1, 1908. A payment of $2,000 has been already made; and the recommendation of the resident engineer, Mr. J. A. Legere, Halifax, upon which the present payment is asked, is dated December 20, 1907. Mr. Legere's recommendation is based partly on the work so far performed and on the material supplied. In this connection I desire to call your attention to the third clause of the contract providing for advances on materials on hand only, and then on the terms and conditions prescribed by the minister.

Is this work likely to be completed within the time limit? Is there a security deposit?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Purchase of Empty Coal Sacks.

AUDIT OFFICE, OTTAWA, May 21, 1908.

SIR,—I beg to call your attention to the several payments made during the fiscal year 1907-8 to Patrick Murphy, Quebec, for empty coal sacks, amounting to $1,615.

This amount represents nineteen thousand sacks at prices varying from 7½ cents to 9 cents per sack.

Are these sacks used a second time, and if so, is there a record of their disposition kept in the Quebec agency so that any missing ones may be traced?

According to the certificates given on the accounts, the prices paid were not determined by tenders called for by public advertisement. Please let me know the reason for not calling for tenders.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

Coal Purchased for Steamer 'Druid.'

AUDIT OFFICE, OTTAWA, April 7, 1908.

SIR,—With reference to the accounts rendered by the Nova Scotia Steel and Coal Company, for coal delivered at Quebec for the steamer *Druid,* from July 21 to October 28, 1907, amounting to $4,269.33, I beg to be informed if the contract price of $4 per ton for Old Sydney steam coal, certified by Mr. Stumbles, has been determined by tenders called for by public advertisement.

I should like to be informed also, in what way the number of tons charged for is verified at the Quebec agency.

In addition to the price per ton there is a charge of 40 cents per ton for delivering coal to steamer *Druid.* Why is this charge necessary if the coal is delivered at the government wharf, where the Dominion steamers obtain their supplies when at Quebec?

It is not clear from the accounts rendered by the company whether the price includes freight to Quebec, though I presume it does, as one of the accounts reads: 'delivered to King's wharf.'

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Charges for Trimming and Carting Coal for Steamer 'Minto.'

AUDIT OFFICE, OTTAWA, April 14, 1908.

SIR,—The Nova Scotia Steel and Coal Company (Quebec agency), were paid last year by cheque 6313a, $1,061.17 for coal delivered to the steamer *Minto.* Of this amount, the sum of $187.46 was charged for carting, trimming, &c., at 60 cents per ton and bagging some twenty-five tons at 50 cents. It appears from the account that the coal put in bags cost $1.10 per ton over the purchase price, 60 cents for trimming, &c., and 50 cents for bagging.

I should like to have further information in regard to these charges.

Is it not usual in the case of steamers engaged in general shipping business to have work of this nature performed by the crew or other employees connected with the steamers?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Increased Price per Ton of Calcium Carbide.

AUDIT OFFICE, OTTAWA, May 9, 1908.

SIR,—I beg to bring to your notice the vouchers sent me in support of payments made during last year (1907-8) to the Ottawa Carbide Company for calcium carbide used in connection with the lights above Montreal.

The price per ton from April 1 to June 30, 1907, was $62.14, but after that date to the end of the fiscal year, the price was $67.14, or $67.12 per ton. The former price ($62.14) has been certified 'according to contract,' and the latter 'price as agreed.'

Was the increased price per ton determined from tenders publicly called for, or merely through negotiations with the company?

Two small lots of carbide, one for Aylmer light and the other for Baskin's wharf, were purchased at $65 per ton.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

Site for Biological Station, Nanaimo, B.C.

AUDIT OFFICE, OTTAWA, May 5, 1908.

SIR,—The Commissioner of Fisheries, in his statement of expenditure, voucher B 17179, includes a payment of $500 to A. E. Planta for ten acres of land in the vicinity of Nanaimo, British Columbia, apparently for a site for a biological station.

Will you please let me know under what authority this transaction was undertaken by Mr. Prince, and if the transfer deeds have been submitted to the Department of Justice for approval?

It seems to me the purchase of property and its transfer to the government is a matter which should be approved by the Governor in Council.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, May 20, 1908.

SIR,—In reply to your letter of inquiry as to the authority under which a plot of land, about ten acres in area, was purchased from Mr. A. E. Planta, of Nanaimo, British Columbia, for biological station purposes, I beg to say that a sub-committee of the board of management of the Biological Station of Canada was appointed to secure such land.

Professor Prince, director of the station, and Professor Ramsay Wright, assistant director, composed that sub-committee, and the purchase has been sanctioned by order in council approved by His Excellency on the 13th instant.

As to the price paid for the land I understand that owing to the great demand for land with a water frontage on Nanaimo harbour and Departure Bay recently, the selection and purchase had to be completed with despatch. This was done and the site secured at a much lower price than it would have been sold for a few weeks later than the time of the purchase.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Lease of Lands in British Columbia for Site for a Marine Biological Station.

AUDIT OFFICE, OTTAWA, June 11, 1908.

SIR,—I beg to call your attention to a copy of a lease of certain lands in British Columbia in connection with marine biological stations, sent me in support of disbursements made by Professor E. E. Prince, Commissioner of Fisheries, during the fiscal year 1907-8.

The lands in question, to be used as a site for a marine biological station, have been leased from James Dunsmuir, Lieutenant Governor of British Columbia, for a period of ninety-nine years at a nominal rent, and the lessees are Edward E. Prince and R. Ramsay Wright, trustees of the board of management of biological stations.

It is, I think, the custom that the Minister of the Crown under whom a public service is, should be the recognized lessee in matters of this kind. I bring the present case to your notice for this reason and shall be obliged if you will let me know if the lease has been submitted to the Department of Justice for approval.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 16, 1908.

SIR,—In reply to your letter of the 11th instant making inquiry *re* a lease from Honourable James Dunsmuir, Lieutenant Governor of British Columbia, I may say that it has been submitted to the Department of Justice, and on receiving their reply I shall communicate further with you.

I understand that there were special circumstances of urgency which rendered it necessary to have the lease completed and signed by Professors Prince and Wright, to avoid the delay of forwarding to Ottawa and having it signed and witnessed here; a further letter shall be sent to you in due course.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Hardware Supplies Purchased from Wm. Robertson & Son, Halifax.

AUDIT OFFICE, OTTAWA, June 3, 1908.

SIR,—I beg to bring to your notice the several accounts rendered in connection with the maintenance of lights, Nova Scotia, by Wm. Robertson & Son, Halifax, for hardware and sundry supplies, amounting, during the fiscal year 1907-8, so far as the vouchers sent me show, to $27,875.82.

It would appear from the certificates as to prices given on these accounts by the officers of your department immediately responsible for the several purchases, that tenders were not, in any instance, called for by public advertisement. It seems to me an explanation of this omission should be sent me.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, July 13, 1908.

SIR,—In reply to your letter in which you ask to be informed if any special arrangements have been made with Messrs. Wm. Robertson & Son, to obtain reduced prices in view of the large quantities of goods purchased yearly by the department, I beg to say that Messrs. Wm. Robertson & Son sold for some $27,875.82 to the department during the fiscal year 1907-8. Of this $14,667.58 was for chain, shackles, &c., and $8,674.75 was for paint, iron, &c., for which tenders were asked and the contract awarded by the department here to the lowest tenderers.

The balance of goods, totalling some $4,533.49, were purchased from time to time as required by the agency at Halifax, and invariably prices of same were asked before buying.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Commander Spain's Travelling Expenses.

AUDIT OFFICE, OTTAWA, November 5, 1908.

SIR,—I wish to call your attention to the accounts of Commander Spain of your department, for travelling expenses for the fiscal year 1907-8, and to say that notwithstanding the fact that these accounts appear to have been approved by Col. Gourdeau, deputy minister, I cannot accept them, as they bear on their face the too evident appearance of incorrectness.

It is almost an impossibility for this office to test anything more than the mathematical correctness of an account for travelling expenses unless we take unusual and distasteful means to obtain information. It is sufficient under the Consolidated Revenue and Audit Act, to have the accounts bear evidence of having been examined by the department having control and vouched for by some officer having a personal knowledge of the expenditure, and in most cases this is found sufficient.

For various reasons I cannot, in the case of Commander Spain's accounts, accept these conditions.

On an examination of his accounts for 1904-5 they were found to bear such evidence of incorrectness that unusual means were adopted, with the result that about one-sixth of the whole sum had to be refunded, and the circumstances were such that the deputy minister undertook to see that future accounts should be correct.

The present difficulty appears to be a continuance of the practice complained of in 1904-5, viz., charges for railway fares, &c., when, in my opinion, no travelling such as charged for was done.

In confirmation of this opinion I inclose a statement showing cases where Commander Spain was sitting in his court as Wreck Commissioner at Montreal on certain days, while according to the charges in his account for railway fares, &c., he would appear to have been in other parts of the country. As the records actually show that he was in Montreal, there can be no doubt about the irregularity of the charges for fares to Quebec, &c., and, as his accounts have been proven to be wrong in these five instances, they may be wrong in many other cases also where I have not the material necessary to check them. I am, therefore, obliged to reject the whole account and to suggest that you should take some means to test the accuracy of the whole account and obtain a refund of such amounts as may not be properly accounted for.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

Increasing Height of Lighthouse Tower at Heath Point, Anticosti.

AUDIT OFFICE, OTTAWA, January 8, 1908.

SIR,—I beg to acknowledge the receipt of your application of the 4th instant for a cheque of $3,000 in favour of the Steel Concrete Company, Montreal, being a payment on account of a contract for 'increasing the height of the lighthouse tower at Heath Point, Anticosti, &c.,' and beg to point out that the contract, which is dated June 12, 1907, calls for the completion of the work on or before October 12, 1907.

The time limit prescribed by the contract has apparently been ignored by the contracting company, but no explanation has been sent me.

The certificate of the resident engineer as to the material on hand and the terms and conditions upon which the advance is to be made under the third clause of the contract should also be sent me.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 13, 1908.

SIR,—In reply to yours of 8th instant *re* the payment to the Steel Concrete Company, of Montreal, on account of the work being done at Heath Point, I would say that in the offer submitted by the company for this work it was stated that the price

was under the usual conditions of having men and materials transported to the site by one of the department's boats. The department had no boat available until late in August, and consequently the work was not started till very late in the season. Under the circumstances the department did not consider it advisable to permit completion to be carried out this season, and as the weather was becoming too cold for satisfactory concrete work to be done, arrangements were made for stopping the work, and it will be necessary to arrange for a new date of completion.

In connection with this work, which consisted of improving the existing tower, it was found that a good deal of repair to the old tower was necessary. This was only discovered after removing the wooden covering, and it is probable that a price will be agreed upon with the contractors for doing this work, as they will be in the best position to carry it out. A supplementary agreement will have to be prepared, and a new date of completion will be incorporated. All the material for the completion of the original structure is now on the ground and a copy of the resident engineer's report recommending payment of $3,000, is attached hereto.

This does not appear to be a case where any special terms and conditions are required for making payment other than the one clearly indicated in the third term of the contract, namely, 'that such materials shall immediately be vested in His Majesty.'

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Location of Submarine Signal Stations in Operation.

AUDIT OFFICE, OTTAWA, August 11, 1908.

SIR,—Will you please cause to be sent me a statement showing the number and locations of the submarine signal stations of Canada in operation at the end of the fiscal year 1907-8, or in connection with which expenditure was made or incurred during the said fiscal year.

I shall need the information which I expect this statement will afford, in the audit of the various accounts sent me in support of the payments made last year for the stations in question.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 19, 1908.

SIR,—In reply to your letter of the 11th instant, I beg to send you the following statement, showing the position of submarine signal stations in Canada, at the end of the last fiscal year:—

Electric shore stations—

Chebucto Head, entrance of Halifax harbour, N.S.
Louisburg, entrance of Louisburg harbour, N.S.
Cape Fourchu, entrance of Yarmouth harbour, N.S.
Negro Head, entrance of St. John harbour, N.B.

Lightships equipped with pneumatic bells—

Lurcher, 18 miles west of Yarmouth.
Anticosti, 8 miles east from east end of Anticosti Island.
White Island, River St. Lawrence, near mouth of Saguenay river.
Red Island, River St. Lawrence, near mouth of Saguenay river.
Princess Shoal, River St. Lawrence, near mouth of Saguenay river.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Price of Coal Fixed by Agreement with Department.

AUDIT OFFICE, OTTAWA, April 10, 1908.

SIR,—According to the vouchers sent me in support of the several payments of the fiscal year 1907-8, to Vroom & Arnold, St. John, for coal delivered to the steamer *Lansdowne,* the price paid ($4.24 per ton for Drummond round coal) was fixed by agreement with the department.

I have already called your attention to similar transactions in regard to other steamers and it seems to me that, in all these cases of agreements, I should be informed, for the purpose of reporting to parliament, as to the evidence upon which such agreements were considered as advantageous in the country's interests as if tenders had been publicly called for.

How is the number of tons charged for verified?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. E. D. SUTHERLAND, *for A.G.*

AUDIT OFFICE, OTTAWA, May 29, 1908.

SIR,—I beg to call your attention to the accounts rendered by Vroom & Arnold, St. John, New Brunswick, for coal used in connection with the lighthouse service on the New Brunswick coast, and to point out that these accounts are certified 'charges as agreed.'

Were tenders called for last year for coal for the various fog alarms, Dominion steamers, and other services under the Marine and Fisheries Department in each province or for the whole Dominion?

It seems to me, considering the large quantity of coal used by the department in connection with the various services under its control, that tenders should be called for as directed by chapter 44, section 7, subsection 2, R.S.C., 1906.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, August 5, 1908.

SIR,—I regret to find on the coal file a number of your letters that still remain unanswered, this was due entirely to an oversight which I trust will not occur again.

In reply to yours of May 21 last, with reference to payments made to Mr. P. Murphy for empty coal sacks during the fiscal year 1907-8, I may say that I took this matter up with the Quebec agency and am informed that the greater number of these sacks are used only once.

These sacks are used for handling coal and broken stone, and sometimes remain a considerable length of time on the wharf exposed to the rain and sun before being removed to the coal shed. Some of them heat up and consequently are not strong enough to be used a second time, others have to stand rough handling while being taken ashore from the supply steamer and consequently are not serviceable a second time. Those that are of any use are returned by the captain and are kept track of in the stores of the agency and used a second and third time, according to their condition.

As to the price, I may say that the agent obtained quotations from several firms in Quebec and the price quoted by Mr. Murphy was considered the most acceptable.

With reference to the amounts paid to Messrs. J. H. Hickman & Co., of Dorchester, N.B., of which you inquire under date of May 27 last, I may say that the

charge of $7 per ton is in accordance with the contract entered into with Messrs. Hickman & Co. for the supply of this coal. This was the tender price quoted by Messrs. Hickman & Co., and was the lowest of the several tenders received.

Replying to yours of May 29, with reference to accounts rendered by Messrs. Vroom & Arnold, of St. John, N.B., for coal, I may say that the price quoted by Messrs. Vroom & Arnold was the lowest for St. John, and the coal paid for by the department was at their tender price. Tenders were called for the delivery of coal for the several services under this department in the maritime provinces.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Contract for Construction of Scow for Buoy Service in British Columbia.

AUDIT OFFICE, OTTAWA, December 31, 1907.

SIR,—I beg to acknowledge receipt of your application of the 27th inst., for a cheque of $4,800, in favour of the Wallace Shipyard, Limited, being a payment on account of a contract for the construction of a derrick scow for buoy service in British Columbia.

I notice that under the contract the contractors are obliged to have 'the work completed and finished and to be in every respect ready for use on or before the sixteenth day of December, 1907;' but according to the certificate of Mr. Kingborn, hull inspector, and I presume, the local superintendent of the construction work, on the 19th inst. the material supplied and work done to that date was only sufficient to warrant a payment of $4,800 out of the total contract price of $8,802.

Please let me know if it is the intention of the department to exact the penalties provided in the contract for the apparent non-performance of the work within the time limit.

Did the contractor in this case make a cash security deposit, and if so, what disposition has been made of it?

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

Sale of Residential Property at Woodside, Dartmouth.

AUDIT OFFICE, OTTAWA, June 1, 1908.

SIR,—During the fiscal year 1907-8 two payments, at least, were made from the vote for maintenance of lights, Nova Scotia, for advertising the sale by public auction, of a residential property at Woodside, Dartmouth, Nova Scotia, to be held on Saturday, June 1, 1907.

So far as I am informed no revenue from this source has come to account, and I shall be obliged if you will let me know if the property has been disposed of, or if the department is still in possession of it and using it for public purposes.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, June 10, 1908.

SIR,—In reply to your favour of the 1st instant, with reference to the sale of residential property at Woodside, Dartmouth, N.S., would say that this property was sold by pubic auction to Mr. J. G. Rennie, of Halifax, and a special grant was issued under the great seal on July 29, 1907. Mr. Rennie, however, required a more definite description of the property than was given in this special grant and the whole matter had to be reopened. The report is now before council recommending the issuing of a new grant with the property more accurately defined.

When the order in council issues, the property will be transferred and the proceeds deposited to the credit of the Receiver General.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Disposition of Gas Buoys.

AUDIT OFFICE, OTTAWA, September 16, 1908.

SIR,—I find on examination of the accounts rendered by the Canadian Pacific Railway Company for freight during the fiscal year 1907-8, that freight was paid on fifty gas buoys sent from Ottawa to Prescott, on two gas buoys sent from Amherstburg to Prescott, and on one gas buoy sent from Halifax to Ottawa. Payment of these accounts was made from the vote for construction of lights.

Please let me know the disposition made of the buoys sent from Ottawa to Prescott and also the reasons for the transfer of the buoys from Amherstburg and Halifax.

I received from the department some time ago a statement showing the disposition of the various gas buoys purchased from T. L. Willson, or the International Marine Signal Company up to and including serial number 720, and of the gas beacons from number one to number eighteen, inclusive. If any additions or changes have been made in this statement I should like to have a further statement showing such additions or changes, or if convenient to the department, a new statement showing the number, description, location, &c., of the buoys and beacons purchased from Mr. Willson or the International Marine Signal Company to March 31, 1908.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, October 6, 1908.

SIR,—According to the vouchers sent me in support of the cheques issued in favour of the Grand Trunk Railway for freight in connection with the Marine Depot at Prescott, during the fiscal year 1907-8, I find that $1,433.37 was paid for the transportation of gas buoys. In all thirty-seven buoys were carried over the line, ten being carried from Ottawa to Prescott, twenty-seven from Prescott to various points and ten from three points in New Brunswick to Ottawa.

I should like to have an explanation of these transactions, particularly in regard to the necessity of sending the buoys to Prescott in the first instance instead of sending them from Ottawa direct to the points of final destination.

In one instance a buoy was sent from Prescott to Victoria, B.C., over the Grand Trunk seemingly at greater expense than if sent over the Canadian Pacific road.

Included in the number of buoys (37) is one shipment to Wiarton which is described on the freight bill as 'one iron superstructure with bell attachment.'

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 3, 1908.

SIR,—I have to acknowledge the receipt of your letter of the 6th ultimo, relative to freight on gas buoys carried over the Grand Trunk Railway, and in reply have to inform you that the buoys returned from New Brunswick were of the No. 5 and No. 6 type, and were returned to have the tubes lengthened and minor changes made. As these buoys were in active service in that province, it was necessary to replace them, and this agency not having sufficient spare buoys, they were replaced from Prescott.

With reference to your remarks *re* buoys being first sent to Prescott and afterwards transferred to other points, and asking why they could not be sent direct, I have to inform you that in all cases buoys were shipped direct to the agency for which they were required. Prescott being the headquarters for gas buoys, some spare buoys were kept there and distributed as occasion required.

The gas buoy shipped to British Columbia from Prescott, was required immediately, and on account of the heavy snow-storms in the Canadian west, the C. P. R. would not guarantee delivery, and this buoy was sent by the G. T. R. The rate was the same on both roads.

The superstructure with bell attachment being on hand at Prescott, was shipped to Wiarton for the Surprise Shoal gas buoy, this being the nearest railway point.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Car Rental Paid to Intercolonial Railway.

AUDIT OFFICE, OTTAWA, October 7, 1908.

SIR,—With reference to my letter of a recent date, calling your attention to certain payments for freight on gas buoys, made to the Grand Trunk Railway, during the fiscal year 1907-8, I beg to bring to your notice payments of a like nature to the Intercolonial Railway.

The details of these payments will be found on vouchers 845a, 3500a, and 3450a.

You will notice that in one or two instances there are charges for car rental caused, I presume, by the agent at Halifax or Pictou not removing the buoys from the cars promptly. There are also other charges for car rental by the Intercolonial Railway, shown on vouchers 845a, 15847a, 17395a, and 15379a. I would like an explanation of these charges and of the various payments made for the transportation of the gas buoys.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 13, 1908.

SIR,—With further reference to your favour of the 7th ultimo, asking for particulars of payments made the Intercolonial Railway for rent of cars containing lighthouse supplies, I have to inform you that the amount paid by cheque A-15847, was for cars containing coal for the steamer *Lord Kitchener*. The coal was ordered to be delivered at St. John, on the day the *Lord Kitchener* was expected to arrive in port, but owing to stress of weather the lighthouse supplies could not be unloaded, and the steamer was several days late in reaching St. John. The department had, therefore, to pay the demurrage while the coal remained on board the cars.

The amount paid by cheque No. 17395 is not for car rental, but is for side wharfage on the *Lord Kitchener* while moored to the Intercolonial Railway wharf at different times during the month of February last, as shown on the voucher.

With reference to the amount paid by cheque A-15379, would state that part of this is rental on cars containing lighthouse oil that arrived at the rate of three cars per day, and could not be hauled to the wharf or the government storehouse fast enough to avoid demurrage on cars. The balance of the account is for cars containing lighthouse material, and is due to the fact that the apparatus for Cape Fourchu and Sable Island, arrived at a time when there was no steamer available to take it on board, and it was considered cheaper to pay $1 per day demurrage than to pay cost of carting the material to the stores and back again to the government steamer when she arrived in port.

In connection with the payment made by cheque No. 845, I beg to point out that this is in payment of an account advertising for a steamer to deliver the supplies to the lighthouses above Montreal, and has no reference to the payments made to the Intercolonial Railway for rent of cars.

I am, sir, your obedient servant,

The Auditor General. C. STANTON, *Asst. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, November 21, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th inst., in explanation of certain payments made during the fiscal year 1907-8 to the Intercolonial Railway for car rental, &c.

In this letter you refer to cheque 845A, one of the cheques to which I called your attention in my letter of the 7th inst., as being in payment of an account for advertising. You must have been misinformed in this respect, or the wrong voucher has been sent to me.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 24, 1908.

SIR,—In reply to your favour of the 21st instant, with reference to a payment made the Intercolonial Railway, by our cheque No. A-845, of 1907-8, I have to inform you that this cheque was in payment of an account for freight on lighthouse material and buoys shipped from time to time over that road. The charge for car rental is due to the fact that at times the material arrived a few days before the working men, and consequently remained on board the cars until the arrival of the men. In other cases the steamer was not in port to take the buoys on board the day they arrived, and it

was considered more economical to pay the rental on cars than to pay the cost of carting and handling these buoys.

I might also point out that the department considers it more advisable to have material arrive a few days in advance than to risk keeping either one of the Dominion steamers or a gang of working men awaiting its arrival, in which event the wages would be considerably more than the amount paid the Intercolonial Railway for demurrage on cars.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

International Marine Signal Company, Ottawa.

AUDIT OFFICE, OTTAWA, October 9, 1908.

SIR,—I beg to bring to your notice the payments for freight, amounting to $2,436.98, made during last year to the International Marine Signal Company, of Ottawa. Of this amount $2,230.30 was for freight on 11 gas beacons sent to British Columbia, for which the International Company furnished receipts from the Grand Trunk Railway. Does the Grand Trunk Railway carry freight to British Columbia on terms as favourable as the Canadian Pacific Railway offer?

So far as the checking and auditing of these freight accounts are concerned, it would be far more convenient if the railway companies doing business with the department would render monthly accounts, such as is done at the Prescott depot. If the department has to pay the freight there is no reason why payment should not be made direct to the carrying company instead of through the vendor of the supplies.

During last year your department purchased one automatic gas beacon with explosive fog alarm bell, at a price of $2,500. I cannot find the authority of the Governor in Council for this beacon. The beacons authorized are at the rate of $1,500 each, so, I presume, the additional $1,000 is for the 'explosive fog alarm bell.'

Please let me know the nature of the inquiries made by the department to ascertain that this additional amount was a fair and reasonable price.

I am, sir, your obedient servant,

G. J. Desbarats, Esq., Act. Dep. Min., Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, November 10, 1908.

SIR,—I have to acknowledge the receipt of your letter of October 9 last, *re* freight on buoys and beacons shipped to British Columbia from the International Marine Signal Company of Ottawa, and in reply I have to advise you that the Grand Trunk Railway carries freight to British Columbia on terms as favourable as the Canadian Pacific Railway Company.

The agents of the department are supplied with an advance only large enough to cover their ordinary expenditure, and it sometimes happened that when a consignment of buoys arrived at an agency the agent had not enough money to pay the freight. The result was that the railway company held the goods until the agent communicated with Ottawa and received a cheque to cover the freight. Consequently an arrangement was made with the International Marine Signal Company whereby that company prepaid the freight and was afterwards reimbursed by the department.

With reference to your statement that you cannot find the authority of the Governor in Council for the purchase of an automatic gas beacon with explosive fog alarm bell, at a price of $2,500, I inclose herewith a copy of an order in council approving of the purchase of this beacon.

As the International Marine Signal Company quoted a price of $2,500 for the automatic gas beacon with explosive fog bell, $1,000 being for the explosive fog bell, the department accepted the same after an inspection by its officers.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Construction of Fish Hatcheries at Babine and Stuart Lake.

AUDIT OFFICE, OTTAWA, January 12, 1909.

SIR,—I beg to bring to your notice the expenditure made last year (1907-8) in connection with the construction of two fish hatcheries in British Columbia, one at Babine and one on Stuart lake, amounting to $52,302.13. This work was done by days' labour, under the supervision of Mr. W. H. Brunel.

The men employed, in addition to the daily wages paid them, were boarded and lodged by the department, and furnished with tools and working implements of all kinds. I should like to be informed of the disposition made of these articles. Has a list been made of them, and in whose charge have they been placed?

Please let me know further if any inquiry was made by the department, before deciding on constructing these hatcheries by days' labour, if the work could not have been more economically and equally well done by calling for tenders and letting the construction to a competent contractor.

In some instances advances of various amounts were made to Mr. C. B. Sword, the fishery officer at New Westminster, to pay claims for labour, &c. Did he have personal knowledge of these claims, or did he merely pay out the money on the certificate of Mr. Brunel, or one of his foremen? As quite a number of such claims were in favour of Indians, whose written receipts are not very satisfactory, I would like to be informed of the precautions taken by your department to protect the public funds against unfounded claims.

I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 13, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant, asking for information in connection with two fish hatcheries in British Columbia, one on the Babine and the other on the Stuart lake, aggregating an expenditure of over $52,000.

In this connection you have apparently placed the construction of these establishments at the above figure, whilst in reality the actual cost is $41,689 for construction and $10,313 for maintenance, as in addition to the construction of the buildings these establishments were operated during the season of 1907-8.

With reference to boarding the men in addition to paying their daily wages, it might be explained that it is imperative in British Columbia that these hatcheries should be placed as near the spawning beds of the salmon as possible; consequently, the headwaters of the different watersheds must be reached, as it is at these points

that the salmon spawn. These localities are far removed from civilization and it is, therefore, absolutely necessary that the board of the men, especially when construction is going on, must be provided by the department. This you will readily understand when considering the fact that an overland portage of eighty miles from Hazelton to the head of Babine lake was necessary, and an additional water portage of thirty-five miles to the site of the Babine hatchery and 110 miles to the Stuart Lake establishment, with no accommodation for the water transport other than the means provided by the men employed on construction work.

The tools and working implements were all left at the respective hatcheries and have been constantly in use by the permanent staffs in improving the hatching facilities and making necessary repairs. You will readily understand that these tools, even if they were not required at the hatcheries, could not be re-transferred, as the cost of their transport would more than cover their value.

The question of constructing these establishments by days' labour or by contract was fully considered and discussed with those having had experience in erecting similar establishments in such out of the way places, and it was decided to be in the interests of the service that these establishments should be erected by days' labour. The urgent necessity for their construction in time for operation during the fall and spring of 1907-8 made it imperative that the system of days' work be adopted, otherwise another year would have passed by without steps having been taken to operate these most important establishments.

The payment of the accounts for wages was a somewhat difficult matter to arrange and every precaution was taken to insure the department's receiving fair value for its payments, and it was with this end in view that advances were made to the inspector of fisheries at New Westminster. The accounts were certified by the department's building inspector and also by the foremen having charge of the work on the respective buildings, who were most reliable men and were selected as the department was aware that many of the payments must of necessity depend on their certificate, coupled with that of the building inspector.

A list of the workmen employed was left with the inspector of fisheries at New Westminster and orders for the payment of a proportion of their wages for the support of their families were held by him, as it was impossible for any of these men to leave the work until it was completed, as they had no means of leaving the district.

Nearly all the payments to Indians, as you will notice, were made through the Hudson's Bay Company on orders given by those having charge of the work, this being considered the best way of dealing with such of these as were employed.

From the above explanations you will see that every precaution possible was taken to protect the public interests.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Certificate on Accounts from Skeena River Fish Hatchery.

AUDIT OFFICE, OTTAWA, January 15, 1909.

SIR,—I beg to call your attention to the accounts rendered last year (1907-8) for supplies, &c., for the Skeena River Fish Hatchery, and to point out that in nearly every case the account is merely certified 'correct,' by Mr. Thomas Whitwell, officer in charge.

You are, no doubt, aware that the statute prescribes a form of certificate to be used on all accounts rendered on government service, and I should like to know your reasons for having paid the account in question in the absence of the necessary certificate.

Was the examining officer in your department in possession of information, apart from the certificate given by Mr. Whitwell, that the prices charged were fair and just, and that the supplies had been received in the quantities claimed on the accounts?

I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 20, 1909.

SIR,—I beg to acknowledge the receipt of your letter of the 15th instant, stating that the accounts covering the supplies for the Skeena River Hatchery during the fiscal year 1907-8 had not been certified by the officer in charge of the hatchery in accordance with the statute, which prescribes a certain form of certificate.

In reply I beg to state that in years previous to 1907-8 the accounts were certified by the officer in charge using the word 'correct,' which was intended to imply that the accounts were correct in all particulars, and no exception was taken to the same by the Audit Office.

As it takes from two to three months for a communication to reach Mr. Whitwell and return to Ottawa, these accounts were not returned to him to be certified as required by statute, especially as the officer having charge of the fish breeding service throughout the Dominion was familiar with the requirements of this particular hatchery and was also in a position to pass the accounts for payment from his own knowledge of the fairness of the prices charged.

It might be explained that Mr. Thomas Whitwell has been in charge of this establishment since its inception in 1903, and during that time has proved himself to be a pains-taking and economical officer, and no accounts would be certified by him, even by the word 'correct,' unless the same were strictly in accordance with the order given for the supplies and the quantities charged for had been received and the prices charged were fair and just.

I may say, however, that steps are being taken to have future accounts from this hatchery certified by the certificate required by the Audit Office.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

Re Fisheries Revenue.

AUDIT OFFICE, OTTAWA, January 9, 1908.

SIR,—I have to ask for statements of licenses issued in your department for quarter ended December 31 last. It is desirable that these lists of licenses issued should be furnished more promptly, and I hope you may find it convenient in future to forward them regularly at the end of each month.

Kindly see that licenses issued in each province are shown on separate sheets. I have before me a sheet of the September quarter recording the issue of licenses in three different provinces, which seriously interferes with filing the sheets of each province by themselves, a method which has proved the most convenient way to check and keep them.

In all cases where licenses are issued by inspectors, from books of license forms supplied by the department, I have to ask that you will kindly furnish me with the usual certified statements showing the settlements with the different inspectors, as the stubs of the books are from time to time returned, and especially as soon after the close of each season as possible.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 20, 1908.

SIR,—I have your letter of the 9th instant, urging that a statement of fishery licenses issued by this department for the quarter ended December 31 should be forwarded to you with the least possible delay, and I have pleasure in inclosing herewith such statement.

I note your desire to be furnished with such statement at the end of each month and I have given directions that this course be carried out in the future.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

AUDIT OFFICE, OTTAWA, January 9, 1908.

SIR,—According to returns that have so far come to account, the total collections reported by Inspector Calder, of district No. 1, N.B., amount to $398. Of this amount only $140 is for licenses issued.

The total revenue from this district for the nine months ended March 31, 1907, was $2,368.96, almost all of which was for licenses issued. The most of this revenue came to account during last January and February, and while it is quite likely that the present quarter of this fiscal year will bring to account a large part of the revenue for the year, I have to ask if the different officers are accounting for the licenses sent them as promptly as they should?

In the returns furnished both by the inspector and the overseers, different numbers are often given for the licenses accounted for in their returns than appear in the lists of licenses issued by the department, in many cases also, no returns are sent in by the overseers in acquittance of the cash received. These irregularities make it impossible to ascertain whether all licenses issued have been accounted for or not.

Returns from overseers at present outstanding are as follows: Belyea, $20; Daley, $15; Justason, $5; McNeil, $40, and Savage, $30.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 22, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 9th instant, having reference to the returns and collections on account of fisheries revenue from the district of J. F. Calder, N.B.

In reply, I have to say that almost all of the revenue from this district comes to hand during the first three months of the year, and it will likely be so again this year. No unnecessary delay is practised by the officers in accounting for the licenses issued by them.

The irregularities complained of by you may be explained by the fact that for some time the position of inspector was vacant, and when Mr. Calder was appointed it took some little time to get him instructed in the details of his office, perhaps more particularly with regard to forwarding his returns of collections. This year I expect every remittance will have a return in acquittance thereof.

Mr. Calder's account for the year 1907 stands as follows:—Licenses issued: Lobster, $30; weir, $2,190; seine, $10; lease, $200. Fees received on account of: Lobster, $30; weir, $2,190; seine, $10; lease, $200; sales, $175.50; fines, $82.50.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re **Goderich Wharf.**

AUDIT OFFICE, OTTAWA, January 15, 1908.

SIR,—I wrote you in June last that the only revenue coming to account from Goderich wharf for the fiscal period ended March 31 last, was $3.65.

You replied on the 19th, saying that you understood that the railroad had so blocked the roadway that the wharf had not been used for the landing of freight, and that until arrangements with the railway were completed, there would practically be no wharfage collected.

I have to ask if the roadway to the wharf is at present open for traffic; if so, how long it was blocked by the railway, and if the company is not liable for the loss of revenue sustained during the time the wharf could not be used?

The total cash receipts so far to come to account amount to $387.20. Of this sum $37.20 is the net revenue for the month of September last; the balance, $350, is on account of rent of sections B, C and D of the wharf to the Goderich Lumber Company. This company has been paying, for some years, an annual rental of $250 for section D, although nothing came to account from this source during the last financial period.

I shall be glad to know what period this last payment of $350 covers, and also the full particulars regarding the present rental of sections B, C and D.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 13, 1908.

SIR,—I have your letter of the 15th ultimo, with reference to the revenue from the government wharf at Goderich.

In reply, I beg to say that the railway company have built their road over the roadway which had been used by the Goderich Lumber Company, thus preventing them from having access to the town from their lumber mill. This action of the railway has, it is claimed, practically ruined the retail trade of the lumber company and caused them great loss.

Just about the time that the railway company blocked the roadway, the lumber company were preparing to lease sections B, C and D, for $500 a year, but owing to the action of the railway, the lease has never been completed, and pending negotiations for a road to the town of Goderich they were allowed to remit $350 on account of lease for these sections, without any prejudice as to the status of the different parties interested.

The railway company claim they are under no obligations in the matter, and are not liable in any way.

I understand that the town is considering the question of building the lumber company a road around the upper end of the cliff, but nothing definite has been decided on. According to my information there is at present no roadway to the wharf, anything taken from the wharf to the town has to be carried up this bank or cliff, some 160 steps, or shipped round by railway, either way being practically prohibitory, owing to the cost.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, February 24, 1908.

SIR,—With reference to your letter of the 15th ultimo, relating to payments made by the Goderich Lumber Company, and referring to the paragraph in which you stated that 'this company has been paying for some years, an annual rental of $250 for section D, although nothing came to account from this source during the last financial period,' I have to inform you that the company paid in advance each year, and there was, therefore, nothing due in the last financial period. The Goderich Lumber Company paid $250 for section D, in March, 1906, in advance, and there was, therefore, nothing due until March, 1907.

The department was willing to renew the lease and to add to section D, B and C for $500 per annum, but, as I have already informed you, the road from the wharf to the town has been blocked on two sides by the Grand Trunk and Goderich & Guelph railroads, and the Goderich Lumber Company has no road for conveying their lumber and supplies to the town of Goderich as formerly, where they sold a large portion of the lumber. The $350 which was paid in advance was paid for the year 1907, and if the roadway had not been blocked the department would have received $500. The sum of $350 was paid on account, pending settlement.

The Goderich Lumber Company is now asking the department to consider the question of reducing the amount from $500 to $300, and that question is now under consideration.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re **Wharfs and Piers, Ontario.**

AUDIT OFFICE, OTTAWA, February 4, 1908.

SIR,—I beg to draw your attention to the following remarks in reference to wharfs and piers, Ontario:—

Port Finlay.—I wrote you on June 10 last, regarding the unsatisfactory returns furnished by the wharfinger, and also that the commission he deducted was 25 per cent more than was authorized.

You replied on the 19th to the effect that an official of your department would in a few days visit the wharf and look into matters there.

Kindly let me know if the visit was made, and if your official was satisfied with the way the wharfinger was performing his duties. At this time of writing neither cash nor returns have come to account for the present fiscal year. If the wharf has not been used or no collections been made since the last return was furnished, a certificate to that effect should be furnished by the wharfinger without delay.

Providence Bay.—The first returns to come to account from this wharf were received during the period ended March 31 last, and covered collections made between November 21, 1905, and September, 1906, inclusive. During the present fiscal year returns have been received covering collections made from April, 1905, to November 19, 1905. The net revenue for this period amounted to $43.06, and was deposited on July 27 last, nearly two years after it should have come to account. All the returns received are signed W. I. Wagg, per R. G. R. Kindly let me know when this wharf was transferred to the control of your department, the date of the wharfinger's appointment and the commission authorized.

Neither returns nor cash have come to account covering collections made since September, 1906. This requires some explanation.

I am glad to say that there is a marked improvement in the promptness with which deposits and returns are coming to hand during the present year.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 7, 1908.

SIR,—In reply to your letter of the 4th instant, respecting wharfage matters at Port Findlay, Ontario, I beg to state that the wharf was visited by an officer of this department on July 6 last, who held a long interview with Mr. MacLennan, the wharfinger.

The wharf at Port Findlay is peculiarly situated, being about two miles from the village. There is, apparently, no one living nearer the wharf than the village available for wharfinger. It requires some one on the wharf the whole day. Mr. MacLennan is a merchant in the village and perhaps as much on account of looking after his own goods as for any other reason, has acted as wharfinger. He was appointed at 25 per cent of the collections, but ever since 1902 requests have been made by members of parliament and others that his remuneration be increased to 50 per cent.

The department agreed to accept, in lieu of the arrears due by Mr. MacLennan for 1902-1904, the warehouse built on the wharf, and a bill of sale of the building has been received by the department and is now in process of being registered.

The wharf has been used during the past season, and I have no doubt but I will be able to forward you the returns and collections at an early date.

I note with pleasure the last paragraph of your letter, wherein you state that there is a marked improvement in the promptness with which deposits and returns are coming to hand during the present year.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, February 12, 1908.

SIR,—In reply to that portion of your letter of the 4th instant, having reference to wharfage matters at Providence Bay, Ont., I beg to say that the wharf was transferred to this department on April 17, 1905, and Mr. W. I. Wagg was told, by wire, to take charge of it. On November 7 he was, by order in council, regularly, appointed wharfinger at the rate of 50 per cent of the collections.

The first returns received from him were for November and December, 1905. These came in March, 1907.

In April, 1907, returns for January to May, 1906, were received, and in May, 1907, returns from June to September, 1906.

He was asked in March, 1907, whether any collections had been made between April and November, 1905, to which he replied that he did not know he was expected to make returns for the time before his appointment, which was on November 21 of that year, but would forward them, which he did in July last.

In securing the returns for 1905 and 1906 the fact that those for 1907 were not forthcoming was overlooked, but last month Mr. Wagg was instructed to forward his returns for 1907 with as little delay as possible. This will be pressed until his returns and collections are complete to date.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re L'Orignal Wharf.

AUDIT OFFICE, OTTAWA, January 15, 1908.

SIR,—The last statement and bank receipts in connection with wharfs and piers revenue which came to hand on the 28th ult., contained deposits of $171.12 for wharf-

age dues collected by the wharfinger at L'Orignal wharf, for the six months ended November 30, 1907, as follows:—

	Collections.	Com. Ret'd.	Net Revenue.
June	$39 50	$ 9 87	$29 63
July	41 45	10 36	31 09
August	38 25	9 56	28 69
September	36 40	9 10	27 30
October	39 40	9 85	29 55
November	33 15	8 29	24 86
	$228 15	$57 03	$171 12

Deposits covering this revenue were made by your department on December 6, 9 and 19 last. Kindly explain why these collections were so long in coming to account, and if there is any reason why the wharfinger should not carry out the Treasury Board regulations which require daily deposits if $25 is collected, otherwise, whenever that sum or more is on hand.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, January 24, 1908.

SIR,—I have your letter of the 15th instant, with reference to the wharfage collections at L'Orignal, and in reply beg to say, that the returns for June were received by this department on November 29 last; those for July, August, September and October, on December 9; while the November return was received on the 18th of last month.

The reason for the delay in forwarding these returns to this department was owing to the wharfinger who is also one of the managers of the Ottawa Forwarding Company, and similar lines, being too busy to make them out. However, Mr. Hall promised an officer of this department, who visited the wharf in November last, that he would send his returns every month during the coming year.

The wharfinger's attention will be called to the fact that he does not deposit his collections, but remits direct to the department.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re **Oshawa Wharf.**

AUDIT OFFICE, OTTAWA, April 13, 1908.

SIR,—Returns have reached this office from the wharfinger at Oshawa, showing his collections for the nine months ended December 31 last, to have been $570.73. From this amount he deducted his salary, $334.57, and the cost of handling grain, &c., $119.18, leaving a net balance of $116.98. This balance does not appear to have been deposited, and I have to ask that the amount be brought to account without further delay. The treasury regulations are very plain as regards the collection and deposit of public

moneys and should always be carried out by your collecting officers. In the return for December the following dates and collections appear:—

1907.	
May 4	$ 47 50
June 22	3 51
July 10	3 12
August 1 to 26	309 36
October 9	4 10
Year 1907	30 60
	$398 19

Regarding the returns covering the previous eight months, collections were reported for months of May, August and October, while nil returns were sent in for April, June, July, September and November. The wharfinger certified on each return that he had collected the authorized fees on all goods landed at the wharf during the month, and that the return was true and correct. In view of these certificates, please ask him to explain how the return for December should bring to account any fees except those incurred for that month.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 21, 1908.

SIR,—In reply to your letter of the 13th instant, with reference to returns and collections from Oshawa wharf, I beg to say that, as has already been explained to you, the conditions obtaining at this wharf are different from those at any other wharf under the control of this department.

The wharfinger has to be on duty all the year around. Coal, the principal article landed at the wharf, comes there during the summer months, and as soon as landed the regular wharfage toll of five cents a ton is collected, and, as you will see by comparing the May, August and October returns, accounted for to the department. In the winter, when part of the coal has been sold, another 20 cents a ton is collected to pay for the storage, weighing and delivering of it. You will notice, by referring to the May, August and October returns again, that the dates given in the December return are the dates on which the coal was landed on the wharf, and this enables the department to keep a check on the 25 cents collected on each ton.

The cars of coal are also run down to the wharf in the summer but are not for shipment, hence do not pay wharfage, only 13 cents per ton for storage and delivery.

As for the household goods landed, I presume the wharfinger did not collect the wharfage on them until December, though the settler came to Oshawa on October 9.

The sand and gravel is hauled off the beach as it is needed for repairs to the road, &c., and the wharfinger keeps track of it, and I suppose when he gets a favourable opportunity collects the amount due on account thereof.

With regard to the balance of $116.98 which appears on the December return as due the department, I have to say that his returns for January, February and March, 1908, which finish the fiscal year, have been received, no collections have been made during the three months, and his salary for the time being $100 will leave $16.98 due the department. This sum it was proposed to use towards paying telephone rent, due April 1, but as there is now an appropriation available for this purpose, viz., 'repairs and maintenance of wharfs,' Mr. Henry was instructed to deposit it to the credit of the Receiver General.

There was no steamer running to Oshawa last year, but the wharfinger informs me he expects one will call regularly this season.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *for D.M. M. & F.*

AUDIT OFFICE, OTTAWA, February 24, 1908.

SIR,—The following wharfs and piers show a falling off in revenue which has so far come to account for the present fiscal year from that which was received for the nine months, ended March 31, 1907:—

	1906-7.	1907-8.
Quebec—		
Beauport	$ 20 00	
Isle Perrot	29 19	
Nova Scotia—		
Barrington	167 59	$ 104 84
Centreville	95 10	63 22
Digby	1,861 00	1,493 42
Kingsport	200 00	
Meteghan river	18 85	
Picketts' wharf	60 33	6 49
Port La Tour	33 08	16 69
Poulamond	25 07	
Whycocomagh	22 99	
Wolfville	20 70	
New Brunswick—		
Anderson's Hollow	106 76	
Buctouche	33 42	
Campbellton	1,120 35	893 67
Cape Tormentine	570 66	270 72
Dalhousie	139 73	5 00
Prince Edward Island—		
Annandale	55 73	
Belfast	69 34	
Hickey's wharf	32 40	16 97
Hurd's Point	57 88	
Mink river	9 11	
Pinette	31 71	

I shall be glad to know the reasons for these decreases.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 3, 1908.

SIR,—I have your letter of the 24th ultimo, in which you give a list of the wharfs which show a decrease in revenue from that which came to hand for the nine months ended March 31 last.

In reply I beg to say that in Quebec, Beauport is leased, rental paid once a year, not due until March 31 Isle Perrot, wharfinger under suspension.

In Nova Scotia, Barrington, Centreville, Digby and Port la Tour send returns each month; I can offer no explanations as to the decrease in revenue.

The annual rental for Kingsport should be here, but has not yet come to hand. The company will be asked to remit at once.

When you get the next marine revenue return you will find that Picketts and Wolfeville show an increase. Meteghan River, Poulamond and Whycocomagh I presume have made no collections, hence no returns.

New Brunswick—Campbellton, Cape Tormentine and Dalhousie make regular returns; Andersons Hollow forwarded $6.87 for May. I suppose no business, no collections at Buctouche.

The wharfs in Prince Edward Island mentioned, except Hickey's, which sends its returns regularly, need following up, as a good many of the wharfingers are very slow in making their returns. I expect these wharfs will be visited by an officer of this department during the summer, after which I expect more prompt and satisfactory returns will be received from them.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re Harbour Dues.

AUDIT OFFICE, OTTAWA, February 24, 1908.

SIR,—In your revenue statement No. 9, which reached this office on the 4th inst., $309 came to hand on account of harbour dues. This amount is considerably less than that which came to account for the preceding period ending March 31 last, as the following amounts for each year will show:—

	1906-7.	1907-8.
Ontario—		
Fort William	$ 79 70	
Port Arthur	141 00	$ 38 00
Quebec—		
St. Johns	313 00	
Sorel	124 50	
Nova Scotia—		
Bridgewater	54 50	
Louisburg	55 50	
Lunenburg	0 50	
Sydney, international pier	108 00	55 00
British Columbia—		
Comox	146 00	
Ladysmith	.....	21 00
Nanaimo	.....	122 50
Victoria and Esquimalt	116 00	72 50
	$1,138 70	$309 00

From the fact that the bulk of revenue should come to account during the calendar year, the small amount so far received calls for explanation.

I have also to ask for a certified statement of the returns from all the harbour masters covering the season ended December 31 last, showing the allowance authorized and the receipts in each case.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 29, 1908.

SIR,—In reply to your letter of the 24th instant, in which you ask for explanations as to why there is a falling off in the receipts from harbour masters this year as compared with the period ending March 31, 1907, I beg to state first that the harbour masters' returns for both periods are for the calendar years ending December 31.

The returns from St. Johns and Sorel, P.Q., have not yet been received.

Bridgewater has forwarded $83, an increase of $28.50.

Lunenburg collected $138, the salary is $150.

Louisburg returns not received yet.

Comox, B.C., forwards $219, an increase of $73.

Ladysmith, Nanaimo and Victoria agree with your statement.

The department has received the following amounts on account of harbour masters' dues, which have been or will be transmitted to the Receiver General in the usual course, and there is still a number of ports to hear from.

Port Arthur, Ont.	$ 38 00
St. Andrews, N.B.	9 00
Bridgewater, N.S.	83 00
International Pier	55 00
Comox, B.C.	219 00
Ladysmith, B.C.	21 00
Nanaimo, B.C.	122 50
Vancouver, B.C.	21 50
Victoria	72 50
	$641 50

Leaving a decrease for this year of $497.20, with returns from St. Johns, $313; Sorel, $124.50, and Louisburg, $55.50, to arrive. If these three ports collect as much as they did last year they alone will reduce the decrease to $4.20.

The harbour masters make their returns under oath, a certified copy of the amounts so collected will be forwarded you as soon as possible.

As the amount of collections on account of harbour masters' fees is regulated solely by the number of vessels calling at these ports, and as this is in no way under the control of this department, I can offer no explanations for a decrease in some or an increase in others.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re Sable Island Sales.

AUDIT OFFICE, OTTAWA, April 14, 1908.

SIR,—I am returning herewith the following accounts for advertising sales of ponies and cranberries, &c., from Sable Island:—

Halifax *Acadian Recorder*	$19 00
Halifax *Chronicle*	22 00
Halifax *Echo*	20 20
	$61 20

The executive regulations require all accounts of this kind to be certified by the Kings' Printer, and I have to ask that you will kindly see that this is done.

I would also call your attention to the large increase of expenses charged against the sale of ponies this year over that of 1903-4, as shown on page P—169 of my report for that year. According to that report 38 ponies were sold and the amount deducted for expenses was $127.67, while the returns for the present year show 46 were sold and the deduction for expenses was $459.38, or over 3½ times that of 1903-4.

Kindly let me know the reasons for this large increase.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 21, 1908.

SIR,—In reply to your letter of the 14th instant relative to expenses incurred for the sale of some 46 Sable Island ponies, cranberries, &c., which took place at Halifax during the month of July last, I beg to say I am inquiring into this matter and will communicate with you later.

The accounts for advertising sale contained in your letter, are being forwarded to the King's Printer for certificate.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *for D.M. M. & F.*

MARINE AND FISHERIES DEPT., OTTAWA, May 12, 1908.

SIR,—In reply to your letter of the 14th ultimo, inquiring about the large expenses incurred during July last, for the sale of Sable Island ponies at Halifax, as compared with previous sales, I beg to say that the agent at Halifax has been communicated with and reports as follows:—

Early in July last 46 ponies were received in Halifax and as the agent did not think they were in condition to be sold immediately, he put them into a shed and kept them there for some ten days.

The hay was $25 a ton and it required eight tons of hay to feed them properly and put them in condition to be sold with good results.

Some of the horses were ill and, according to the agent, had to be treated in order not to be censured by the Society for the Prevention of Cruelty.

It may be added that as a result of the care and proper feeding of these horses, they were sold at an average price of $27.41, about $10 more than the average for the past 20 years.

The difference in the expenses incurred for the sale of horses during July last as compared with previous sales was due to the fact that usually these ponies are sold on arrival, while the last lot were kept ten days.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *for D.M. M. & F.*

Re Sales from Steamer 'Arctic.'

AUDIT OFFICE, OTTAWA, February 11, 1908.

SIR,—In your cash return No. 9, which came to hand on the 4th instant, you credit casual revenue with $1,047.81, the proceeds of sale of unused provisions from steamer *Arctic.*

The following deductions were made from the gross proceeds:—

L. Deschenes, auctioneer, commission on $1,000, at 10 per cent; commission on $194.56, at 5 per cent.	$109 75
Quebec *Le Soleil,* advertising.	20 00
Quebec *Daily Telegraph,* advertising.	17 00
	$146 75

In view of the fact that for similar sales made at Halifax by the firm of James Duggan & Sons, a commission of only 2½ per cent is deducted, it would seem as if the fees charged by the auctioneer at Quebec were excessive.

The vouchers for advertising have not been furnished, and I have to ask that you will kindly forward the same duly certified by the King's Printer, as required by the executive regulations.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, March 24, 1908.

SIR,—In reply to your letter of the 11th ult., with reference to the charge of 10 per cent commission made by the auctioneer who sold some of the unused provisions of the *Arctic* at Quebec, I beg to say that the agent informs me it is the usual charge in Quebec.

There was a verbal agreement between the agent and the auctioneer that if the proceeds of the sale amounted to more than $1,000 the commission would be 10 per cent on the first thousand, and 5 per cent for any surplus.

With regard to the vouchers for advertising the sale, I may say that they are being forwarded to the King's Printer for certificate.

I am, sir, your obedient servant,

The Auditor General. F. GOURDEAU, *D.M. M. & F.*

Re **Wharfs and Piers not transferred to Department Marine and Fisheries.**

AUDIT OFFICE, OTTAWA, November 28, 1907.

SIR,—The practice supposed to be observed in reference to wharfs constructed by the government is that as soon as completed they are transferred to the Department of Marine and Fisheries, and tolls collected for their use.

I have to inform you that I have reason to think that of late years a very considerable number of wharfs have been constructed by the Department of Public Works that have not been transferred to the Department of Marine and Fisheries, and in consequence no tolls have been collected for their use.

I have repeatedly called the attention of the department to the matter, as shown by the accompanying copy of correspondence.

I have to ask you to submit the matter to the Treasury Board, and to inform me of the result.

I am, sir, your obedient servant,

The Secretary of the Treasury Board. J. FRASER, *A.G.*

AUDIT OFFICE, OTTAWA, December 24, 1908.

SIR,—On December 4, 1907, you wrote acknowledging my letter of November 27, in which I called attention to the large number of wharfs erected by your department, which had not been transferred to the Department of Marine and Fisheries, and for the use of which no fees were being collected.

You stated that the matter was being submitted to council by the minister.

There has since come to account $103.85 for fees at Rousseau wharf, collected through the officers of your department; nothing else.

I have to inquire what decision the council came to in reference to these wharfs. I have also to ask for a list of any wharfs since transferred.

I am, sir, your obedient servant,

The Deputy Minister of Public Works. JOHN GORMAN, *for A.G.*

PUBLIC WORKS DEPT., OTTAWA, January 18, 1909.

SIR,—Referring to your letter of the 24th ultimo, in reference to the non-transfer of wharfs constructed by this department, I beg to say that the Hon. the Minister of Public Works took this matter up in council, where it was referred to the Hon. the Minister of Marine and Fisheries to go carefully into the question and suggest some scheme for the transfer of these wharfs and the collection of tolls thereon. So far as my minister is aware, the Minister of Marine and Fisheries has not yet reported.

I am, sir, your obedient servant,

The Auditor General. J. B. HUNTER, *D.M.*

AUDIT OFFICE, OTTAWA, January 20, 1909.

SIR,—The Deputy Minister of Public Works writes me that the question of wharfs erected by the Public Works Department which have not been transferred to your department, was referred by the Privy Council to Minister of Marine and Fisheries. He adds that, so far as his minister is aware, the Minister of Marine and Fisheries has not yet reported.

There are a considerable number of wharfs erected in recent years which have not been transferred, and for the use of which no fees are being collected.

You will realize the necessity of the early attention of your minister to this matter.

I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries. J. FRASER, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, February 1, 1909.

SIR,—I beg to acknowledge receipt of your letter of the 20th ultimo, inquiring in regard to the transfer of wharfs to this department, and stating that you have been advised that the matter had been referred to the Minister of Marine and Fisheries by the Privy Council, and requesting that the same receive early attention.

In reply I have to inform you that there is no reference so far from the Privy Council to my minister on the above subject, but when such is received it will have attention.

I am, sir, your obedient servant,

The Auditor General. G. J. DESBARATS, *Act. D.M. M. & F.*

AUDIT OFFICE, OTTAWA, February 2, 1909.

SIR,—I wrote you November 28 last in reference to the wharfs that have been constructed by the Department of Public Works in late years, and which have not been transferred to the Department of Marine and Fisheries, and in consequence no tolls were being collected.

On the 18th inst., the Deputy Minister of Public Works wrote stating that his minister had brought the matter up in council, where it was referred to the Minister of Marine and Fisheries to suggest some scheme for the transfer of these wharfs and the collection of tolls thereon.

On the 1st instant the Deputy Minister of Marine and Fisheries wrote that so far no reference had been made by the Privy Council to his minister on the subject.

I submit herewith copy of the recent correspondence in reference thereto.

The matter would seem to call for further attention.

I am, sir, your obedient servant,

The Secretary of the Treasury Board. J. FRASER, *A.G.*

AUDITOR GENERAL'S REPORT
1907-1908

Re Militia Revenue.

AUDIT OFFICE, OTTAWA, April 13, 1908.

SIR,—The return of stores sold by your department in the month of October, 1907, contains the sale of the following stores to Major Panet, Ottawa:—

Frocks, duck khaki, 399 prs., at $1	$ 399 00
Trousers, duck khaki, 33 prs., at $1	33 00
Pantaloons, duck khaki, 200 prs., at $1	200 00
Boots, ankle, 635 prs., at 50 cents	317 50
Puttees, 160 prs., at 50 cents	80 00
Hats, straw, 457, at 10 cents	45 70
Shirts, flannel, 75, at $1.70	127 50
Trousers, Halifax tweed, 23 prs., at 25 cents	5 75
	$1,208 45

I have to ask for explanations regarding this sale. Were these articles condemned by a Board of Survey? If so, why were they not advertised and sold by public auction, as customary?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 16, 1908.

SIR,—With reference to your letter of the 13th instant, respecting the return of certain stores sold by this department in the month of October last, I have the honour to inform you that the frocks, trousers, pantaloons and puttees were garments left on hand after the equipping of the South African contingents, different in pattern and material from issues made to the Canadian Militia, made of duck.

The sales were made to the Canadian Militia in Petawawa camp to save more expensive clothing, and to get rid of obsolete stock, and the prices charged considerably higher than could be obtained by auction. This clothing was unsuited for civilian as well as military wear. The boots were parts of lots part worn and obsolete, and the accumulation of many years, and it was desired to give the militia the advantage of purchase at a price which could not be obtained by public competition. They would simply have been bought as old and deteriorated leather.

The straw hats were purchased by the department for sale to the militia in camp, on re-payment, at the same price as paid by the department.

The sale of flannel shirts is provided for by regulations, and were sold at price of cost to the department.

The trousers (grey Halifax tweed) were a few old and obsolete ones of twenty years ago.

The whole of the above were disposed of in the manner stated, in order to give the militia the benefit, and, at the same time, to obtain what was considered more than would be realized if sold by auction.

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M. M. & D.*

Re **Sale of Brockville Rifle Range.**

AUDIT OFFICE, OTTAWA, May 16, 1908.

SIR,—Deposit receipt No. 272, Bank of Montreal, Kingston, came to account on your statement No. 58, for the sum of $250, being 10 per cent of the purchase price of a part of the Brockville Rifle Range site with buildings thereon.

I have to inquire if this property was sold at public auction or by tender, also, if the property has been conveyed to Mr. E. L. McCrae, the purchaser, and has he paid the balance due thereon, viz.: $2,250?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. FRASER, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, May 19, 1908.

SIR,—With reference to your inquiry of the 16th instant, relative to the sale of part of the Brockville Rifle Range site, with buildings thereon, I have the honour to inform you that this property was part of a farm acquired a few months ago for rifle range purposes. The buildings, with some ten acres of land, not being necessary, the approval of His Excellency in Council was obtained to dispose of that much of the property by public auction.

The sale was subject to a reserve bid of $2,500. The terms were 10 per cent of the purchase money to be paid at the time of the sale; the balance on delivery of the letters patent.

The highest bid received when the property was offered for sale by auction was $2,450. No sale was made. A few days after the property was put up at auction, one of the parties who bid for it submitted an offer of $2,500. This offer was accepted.

The deposit to the credit of the Receiver General, referred to in your letter, was 10 per cent of the purchase price. The balance of the purchase money, viz.: $2,250, was deposited at Brockville, on May 11, instant, to the credit of the Receiver General, and has been credited to 'miscellaneous revenue, 1908-9.'

I am, sir, your obedient servant,

The Auditor General. EUG. FISET, *D.M. M. & D.*

AUDITOR GENERAL'S REPORT
1907-1908

Coal Tests at McGill College, ($16,422.83).	
Porter, Prof. J. B.: organizing and supervising coal tests to Mar. 31, 1908, $1,000; travel, Guysboro' to Montreal and return, $51.90	1,051 90
Durley, Prof. R. J.: supervising boiler and producer gas test, to Mar. 31, 1908, $750; expenses to Toronto and return, $32.30; expenses to New York and return, $31.86	814 16
Gardner, Prof. J. S.: producer, $5\frac{18}{31}$ m. to Mar. 31 at $70; travelling expenses, $45.15	435 80
Stansfield, Edgar, chemist, $9\frac{25}{31}$ m. to Dec. 31 at $75, 3 m. to March 31, 1908, at $120	1,095 50
Strangways, H. F., coal washing, 8 m. to Dec. 31, $320; expenses to Pittsburgh and Columbus, $85.51	405 51
Assistants: J. Blizard, $75; R. S. Bochnar, $25; W. Ewart, $30; H. G. Gray, $4; J. W. Hayward, $300; D. W. Munn, $432	866 00
Wages paid mechanics and labourers	1,458 19
Archibald, E. B. M., Montreal: electrical with telephone scale and extra wire	69 50
Beaman, H. J., Montreal: oxygen gas, 160 ft. $24; use of cylinder, $5; cartage, $2	31 00
Blaicklock Bros., Montreal: freight and charges on apparatus	154 49
Byers & Anglin, Montreal: building engine house, $3,433.72; building coal shed, $395; building ore bins, $160	3,988 72
Canadian General Electric Co., Toronto: 3 arc lamps, $73.50; 1 gal. compound, 87c	74 37
Canadian Machinery Agency, Montreal: shafting, pulleys, etc	77 53
Canadian Westinghouse Co., Ltd., Hamilton: 7½ h. p. motor, $250; 12 in. fan motor, $14.22	264 22
Chemists' and Surgeons' Supply Co., Ltd.: gas analysis apparatus, $34.20; water blast, $9.12; sundry apparatus, $9.90; chemicals, $28.49	81 71
City of Montreal, water supply	63 46
Collyer & Brock, Montreal: wiring gas engine house and installing lights	92 00
Criterion Café, Montreal: meals sent in during continuous work	106 40
Crosby Steam Gage & Valve Co., Besla: 5-figure counters, 3, $32.40; express, $1.10	33 50
Davidson, Thos. Mfg. Co., Ltd., Montreal: sample tins, 615, $48.54; fire buckets, 4, $6.66; pails, 2, 51c	55 71
Diamond Flint Glass Co., Montreal: glasses and jars, 9 grs	26 64
Eimer & Amend, New York: agate mortar grinder, $60; bomb and accessories, $132; calorimeter, $72.60; carbon di-oxide recording apparatus, $210; combustion furnace, $26.50; platinum crucibles, 7, $145.20; thermometer, $16; sundry apparatus, $325.34	987 64
Frotheringham & Workman, Montreal, sundry hardware supplies	27 21
Garth Co., Montreal: stop-cocks, 11, $81.07; elbows, 2, $1.14; gas governor and cock, $15	97 21
Grand Trunk Ry., freight, $68.95; Intercolonial Ry., freight, $28.92	97 87
Griffin, J. J. & Sons, Ltd., London: Boy's calorimeter, $143.34; freight, &c., $7.33	150 67
Hartt & Adair Coal Co., Montreal, coal, 5·415 tons	31 21
Lyman, Sons & Co., Montreal: mercury, 153 lb, $97.38; chemicals and apparatus, $43.99	141 37
Meldrum Bros., Montreal, cartage	67 73
Montreal Tent, Awning & Tarpaulin Co.: 200 ore sacks, $32; needles, threads, &c., $2.85	34 85
Morton, Phillips & Co., Montreal, blank books and stationery	36 70
Mussen's, Ltd., Montreal: Sturtevant grinder aud discs, $117.10; wire rope and steel, $4.48	121 58
McDougall Caledonia Iron Works Co., Montreal: making and erecting sheet steel gasometers, $379.04 wrought iron plates, 12, $8	387 04
McGill University, engineering departments, various supplies	36 20
McGuire, W. J. & Co., Ltd.: contract for heating gas engine house, $166; pressure reducing valve, $21	187 00
McLaren (J. C.) Belting Co., Montreal, belting, 101½ ft	37 79
McLennan Lumber Co., Ltd., Montreal, lumber, 1,439 ft	90 70
National Gas Engine Co., Ashton-under-Lyne: Otto gas engine, $1,119.33; centrifugal tar extractor, $316.33; brake ring and indicating gear, $121.66	1,557 32
Nicholson, D. & Co., Montreal: galv. iron drying oven, with hood, $47; tin trays, 24, $9.60; copper boxes, 2, $7; small supplies, $8	71 60
Pittsburg Meter Co.: gas meter and connections, $161.25; special M. S. fluid, 2 cans, $5.10; gas meter union nut, $1.40	167 75
Producer Co., Toronto, fittings for coal tests	286 10
Robertson (Jas.) Co., Ltd., Montreal, flanges, pipes, tees, &c	46 72
Williams & Wilson, Montreal: high-pressure exhauster, $135; pully, bolts, &c., $7.59	142 59
Payments under $25: belting, $7.56; bottles, 1 gr., $4.41; cartage, $21.50; coke, 1½ t., $15.50; corks, 11 gr., $6.99; expenses, C. Landry, $5.80; freight and express, $16.69; hardware, castings, &c., $163.54; hose and coupling, $9.54; mops, brooms, &c., $25.02; photo supplies, $1.26; printing and lithographing, $19.25; rubber boots, 2 pr., $7.01; stationery, $7.52; telegrams, $15.40; telephone rent, $4.25; various small payments, $40.43	371 67
Explorations and Travelling Expenses.	
Adams, F. D., Montreal: expenses attending meeting of International Committee on the geological map of North America at Chicago, Feb. 19-23, 1908	49 75
Ami, H. M.: expenses making geological examination of military camp of Petewawa, May 7-8, 1907	17 25

Purchase of Steamer 'Lady Evelyn.'

AUDIT OFFICE, OTTAWA, November 7, 1908.

SIR,—In connection with the purchase of the steamer *Lady Evelyn,* in England, I should like to have the certificate of valuation or other information on which you arrived at the purchase price, viz.: $60,833.34.

A payment of $3,698.67 was made to the Orient Steam Navigation Company for bringing the steamer from England to Canada. There is no certificate on the voucher sent me in support of this payment as to the reasonableness of the amount. Please let me know what inquiry you caused to be made to ascertain that this amount was a fair and just one before you issued the cheque in payment.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 28, 1908.

SIR,—I have the honour to acknowledge receipt of your letter of 7th instant, addressed to the Deputy Postmaster General, who is in Australia, stating that, in connection with the purchase of the steamer *Lady Evelyn* in England, you would like to have the certificate of valuation or other information upon which the department arrived at the purchase price, namely, $60,833.34.

Under personal instructions from the Postmaster General, the undersigned visited England for the purpose of acquiring a suitable vessel for the transfer of the ocean mails at Rimouski and Sydney. Through the courtesy and assistance of Lord Strathcona and Mount Royal, High Commissioner for Canada, the Admiralty authorities kindly placed at my disposal, free of any charges, the services of their experts, and the purchase of the *Lady Evelyn* was only made subject to a trial test under normal and forced draught on the run between Penzance and the Scilly Isles, and also subject to a satisfactory dry dock inspection. Herewith I inclose copy of a report from the Admiralty, dealing not only with the condition and efficiency of the vessel as displayed by the tests above referred to, but also testifying as to the reasonableness of the price. I might add that the purchase price of this vessel was fixed at £15,000, but on account of interviews with the managing director of the company, and careful handling of the question, and as the company were practically forced to sell, I succeeded in securing the vessel at a reduction of £2,500, although having been previously advised by one of the Admiralty experts that I should close at £15,000 rather than lose the chance of buying the vessel, as other parties were at the same time negotiating for her purchase.

As to your inquiry respecting the payment of $3,698.67 to the Orient Steam Navigation Company for bringing the steamer to Canada, I would state that it must be remembered that the vessel purchased is only 189 feet in length, and therefore, on account of her construction, the greatest difficulty was experienced in being able to store sufficient coal to admit of her being propelled under her own steam across the Atlantic until another coaling depot could be reached. The vessel, therefore, was required to be laden very heavily, and this called for her being handled expertly; otherwise disaster might follow in the heavy seas of the Atlantic.

Upon the recommendation of the Admiralty authorities, I interviewed two firms, who alone at the time were considered qualified to undertake such contract, and both of whom have in the past done some work for the Admiralty. Messrs. Hogg & Robinson at first flatly declined to undertake such work, and, only upon being pressed by the Admiralty authorities, would they agree to give an estimate of cost for which they would be prepared to deliver the *Lady Evelyn* at Quebec. They mentioned that the contract involved too many risks, and the price was too small to make it worth while

for them to undertake the same, but, eventually, the best offer I could get was that they would deliver the *Lady Evelyn* at Quebec at a cost of between £850 and £900 sterling. This, of course, would include payment of coal consumed, wages of captain, officers and crew and their return passage to England, also any supplies required, such as food, &c. The only other responsible company whose name was given to me was that of the Orient Steam Navigation Company, who are, of course, large shipowners themselves. At first they also refused to consider the proposition, and after several interviews with the managing director he consented to submit the proposition to his board of directors, with the result that they submitted an offer to me to deliver the vessel at Quebec for £760 sterling, this to cover all charges to the department, other than insurance of the vessel. After consultation with the Admiralty, I accepted this offer as being the very best available and as being in the interest of not only the Post Office Department, but of the government.

Incidentally I might add that the Orient Steam Navigation Company suffered a loss in connection with this contract, as the vessel encountered very heavy seas so that for several days no headway was made, she eventually reaching the coast of Nova Scotia with her coal supply exhausted, and the company was put to considerable expense in connection with the purchase of extra provisions and coal to complete their contract.

I am, sir, your obedient servant,

The Auditor General. E. S. LASCHINGER, *Act. D.P.G.*

Contract with J. H. Dorion.

AUDIT OFFICE, OTTAWA, November 4, 1908.

SIR,—I find from the accounts rendered by Jos. H. Dorion, contractor for the mail service between the mail steamers and the wharf at Rimouski, that he was paid for the full season—April 15, to November 23, 1907—at the rate of $80 per mail delivery. He renders his accounts as if the service were actually performed. If the *Lady Evelyn* performed the service from September, 1907, why was it necessary that Mr. Dorion should have been employed during the period from September to November 23, 1907?

I am, sir, your obedient servant,

The Deputy Postmaster General. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, December 29, 1908.

SIR,—I have the honour to acknowledge the receipt of your letter of the 4th ultimo, asking for an explanation of the payment made to Joseph H. Dorion for the mail service at Rimouski from September 1 to the end of the season, 1907, during which period the mails were received and delivered by the steamer *Lady Evelyn,* owned by the department.

In reply, I beg to say that about the time of the purchase of the *Lady Evelyn,* Captain Dorion was given three months' notice of the cancellation of his contract, but on her arrival at Quebec it was found necessary to make certain changes and do some repairing to the machinery, and, owing to the uncertainty as to the date on which the boat would be ready to undertake the service at Rimouski, the department withdrew the notice of cancellation. Notwithstanding the fact that the *Lady Evelyn* is of low draught, drawing but nine feet six inches when laden, it was found that the water at the wharf at Rimouski was too shallow to navigate the steamer in safety at low tide, and it was, therefore, not considered advisable to release Captain Dorion's steamer

until the necessary dredging could be done, and which resulted in Captain Dorion assisting throughout the whole season in embarking and disembarking the mails.

In addition to the above, it was found that the outside channel also required dredging, but such work was not commenced by the Department of Public Works until the spring of the present year, when Captain Dorion was given the usual notice for the termination of his contract upon June 30 last.

I am, sir, your obedient servant,

The Auditor General. E. S. LASCHINGER, *Act. D.P.G.*

AUDIT OFFICE, OTTAWA, November 3, 1908.

SIR,—The net revenue for the rent of letter boxes and drawers for the last fiscal year was $121,004.21, or only $7,463.57 in advance of the previous fiscal period ended March 31, 1907. Although this period covered only nine months, the revenue collected at the below mentioned offices during that time, was largely in excess of that received for the last fiscal year, and calls for explanation.

	9 months 1906-1907.	1907-1908.
Berlin	1,279 40	.....
Guelph	2,208 15	1,101 37
Peterboro	2,426 75	1,125 50
Stratford	1,488 50	193 00
Toronto Junc	833 11	140 94
Windsor	1,486 41	1,065 46
Montreal	5,004 05	3,918 36
Quebec	1,219 93	1,066 00
Sherbrooke	1,236 00	616 75
St. John	1,811 13	1,360 46
Charlottetown	1,577 78	1,073 39
Brandon	1,959 20	1,580 45
Winnipeg	4,642 30	4,315 15
Edmonton	3,932 04	2,946 70
Vancouver	4,810 50	4,137 55
Victoria	3,064 60	2,539 75

Collections amounting to $147.20 were made at Berlin, but refunds of rent and deposits for keys were made, which not only wiped out the collections, but reduced the total revenue by $156.70.

I am, sir, your obedient servant,

The Secretary, Post Office Dept. J. FRASER, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, November 6, 1908.

SIR,—I beg to acknowledge the receipt of your letter of the 3rd inst., addressed to the secretary of this department, asking for an explanation of the falling off in the amount of box rents collected at certain offices during the fiscal year 1907-8 as compared with the previous year.

In reply I may explain that at all the offices mentioned except Montreal, Quebec, St. John, Winnipeg, Vancouver and Victoria, the system of free letter carrier delivery was established last year, which in itself would account for a reduction in box rents, as a great majority of box holders gave up their boxes when free delivery came into operation.

Another cause for the falling off of the receipts under this head was the change of the fiscal year. At the beginning of 1906-7, or in July of that year, postmasters collected a very large amount of box rents for a full year in advance, so that the rents for April, May and June, 1907, which properly belong to the fiscal year 1907-8, were accounted for in 1906-7, and collections shown for 1907-8 will, when all accounts are examined, be found to cover nine months only, in many cases.

I am, sir, your obedient servant,

The Auditor General. W. J. GLOVER, *Accountant.*
